THE ANVIL, EST'D 1886 CONSOLIDATED  
THE HERALD 1891 OCT. 17, 1903

HONDO, MEDINA COUNTY, TEXAS, FRIDAY, AUGUST 16, 1935.

VOL 50. No. 5

## LOCAL AND PERSONAL

### COMMISSIONERS' COURT MEETS.

The Commissioners' Court of Medina County met in regular session Monday, August 12, 1935, with all members present.

It was ordered that for the present month and for the following months of 1935, the county commissioners be paid their salaries out of the General Fund of the County. It was also ordered that the new general law relative to salaries of county commissioners which became effective on Aug. 11, 1935, shall be followed in this County on and after said date.

The sum of \$300 was ordered transferred from the General Fund to the courthouse and jail fund.

Having determined that an engineer is necessary in the matter of making plans and specifications and proposals in the approaching public works campaign, it was ordered that R. W. Speece be employed by the County as a county engineer at a monthly salary of \$150.00 per month plus actual car expenses, payable monthly out of road and bridge fund, said employment to begin on the 13th day of August 1935, and to continue until further order of the court.

It was ordered that the election to be held on August 24th for precinct No. 4, Verdina, be changed from the residence of Ben de Grodt to the public school house.

The quarterly reports were examined and approved, as were also the quarterly finance report and bills.

Upon motion made by Oscar Tondre, seconded by Com. Roberson, and upon a vote the entire court voting affirmatively, it was ordered that the county and road district and school taxes be and same were fixed by the court for the year 1935 as follows:

The county and road district rates shall remain unchanged and remain as for the year 1934. The County taxes as last year are as follows:

General Bond Tax 50c  
Road and Bridge 10c  
General Tax 25c  
Improvement Tax 2c  
Jury Tax 3c

Total 90c  
Road District No. 2 10c  
Road District No. 4 10c

Court recessed until called by County Judge R. J. Noonan.

### PLANNING W. P. A. PROJECTS.

At a recent session of the Commissioners' Court, in order that Medina County's unemployed may share in the funds to be disbursed under the auspices of the Works Progress Administration, the court passed the following order:

It is ordered by the court that in the W. P. A. program soon to be begun the first projects to be undertaken by the county will be the construction of all-weather roads over all rural route and star route roads. This action being taken for the reason that said mail routes are part of the United States Post Road System which supply the rural communities with their mail and because such construction will serve the greatest number of our taxpaying people and complete a much needed system of farm to market roads.

In furtherance of this plan, as mentioned in Court proceedings elsewhere, Mr. R. W. Speece has been employed as County Engineer to survey, plat and map these projects. His first work has been a survey of the 24-mile Hondo-Quilhi rural route.

In addition to this definite plan, which will give the county some permanent lateral road construction, the Court, in co-operation with the Commissioners of Bandera County, has taken under advisement the practicability of making a road from Hondo to Bandera a W. P. A. project.

Attention is called to the ad on the last page of this paper, inviting the public to attend the annual St. Louis Day celebration at Castroville on Sunday, Aug. 25th. This year the big event will be held at the Electric Park on the Medina River, but as in other memorable years there will be a grand barbecue and sausage dinner, cooked and served in the inimitable style, and amusements for old and young. Preceding the celebration masses will be offered in St. Louis Catholic Church at 6, 7 and 9 o'clock A. M. In addition to the usual amusements and concession stands, musical concerts will be given during the day by Prof. Leinhardt and his combined Castroville and LaCoste orchestra.

The famous St. Louis Day celebration always brings a large crowd of visitors, and if you accept the invitation to attend you'll be sure to meet a large number of old friends.

### DID YOU EVER STOP TO THINK

By Edson R. Waite,  
Shawnee, Oklahoma.

W. C. JOHNSON, EDITOR OF THE SUFFOLK (VA.) NEWS-HERALD, SAYS:

"Advertising is to merchandising in particular and business in general what moisture is to vegetation; denied rain and dew, the fruit of the earth withers and dies; without publicity, business becomes a paralytic and goes to a slow death.

"Therefore, the only problem for the advertiser is to find a medium which covers his field without duplication and waste when more than one medium is used. It is my firm belief, founded on thirty-six years of newspaper work in almost every department outside the mechanical, that merchants are throwing away millions of dollars annually through duplications and the choice of valueless media. Merchants in the smaller cities and towns where they are unorganized are preyed upon piteously by the public always loaded with a 'cause'.

"There is but ONE SAFE PUBLICITY MEDIUM for the retail merchant or others with something to sell, and that IS THE WELL ESTABLISHED LOCAL NEWSPAPER. Communities of twenty thousand and under can be adequately served by one newspaper. Space in any other medium is a donation, not an investment. Only the newspaper carries the message into the heart of the home.

"The local newspaper breaks down sales resistance and merchandising news is not a slap in the face of the reader. It is accepted as the mouthpiece and spokesman of the community's social, financial, business and industrial life, duly authorized by common consent to disseminate messages from man to man and from group to group.

"OTHER PUBLICITY MEDIA MAY FAIL; THE LOCAL NEWSPAPER NEVER WHEN THE MESSAGE IS CLEAR AND UNDERSTANDABLE, BACKED BY PUBLIC CONFIDENCE IN THE ADVERTISER AND THE THINGS HE SELLS."

This paper is YOUR publicity medium; Let us serve you.

### METHODIST CHURCH.

Shan M. Hull, Pastor.

We wish to call the attention of the general public to our revival meeting which is to begin this coming Sunday morning, and will continue for two weeks, closing the first Sunday in September. The meeting will be held out in the open, on the beautiful grassy lawn at the Water Works' Pump Station. This will be a very delightful place for a summer revival; therefore, we wish to extend a general invitation to all Christian people to join us in our special efforts that God may give Hondo a most gracious outpouring of His Holy Spirit, for if there ever was a time when the Church needed a real old time revival of religion, surely that time is right here now. If there are those who play some kind of an instrument, we would be delighted to have them bring their instruments with them and help us form an orchestra, and play during the meeting. The singers from the different denominations of the town and community are urged to join us in our choir; a large platform will be provided to care for the choir.

A committee from the Board of Stewards met with the sponsors of the Hondo Soft Ball League and entered into an agreement satisfactory to all, whereby the League would play four nights a week during the revival, beginning at 7 o'clock and quitting at 8:15, playing but one game a night, during the two weeks of the revival. We wish to thank the League for its most hearty cooperation, and we hope that many of the baseball fans will not only go to the game, but that they shall also attend the revival meeting. By the way, gentlemen, you need not go home to change your clothes after the game; go right on to the meeting as you are, and feel perfectly free in going, as a most cordial welcome will await you one and all.

The first service of the revival, which will be Sunday morning at 11 o'clock, will be held at the Methodist Church, going to the Park for the evening hour. In case of rain, after the meeting gets under headway, the revival will move back to the church, and then back to the park, when the weather permits; therefore, attend the meeting, whether it rains or not.

We wish to make a couple of announcements for future dates, as follows, viz.: Two of the Adult Classes of the Church School are going to have a Silver Tea on Friday afternoon, September 6th. Everybody who cares to attend the Tea are most cordially invited. A special entertainment feature will be provided for the entertainment of the guests during the time. The place of the occasion will be announced a little later; the Church is planning to have its Annual Dinner during the first week of October, at a place that shall be announced at a later date. We merely wish to keep these two dates in the minds of the people.

Let's all make an effort to attend all of the services possible during the revival meeting; the success of which, shall not depend altogether upon the preacher, but upon the cooperation on the part of the church and our friends.

"Come thou with us, we'll do thee good."

W. M. S. OF BAPTIST CHURCH.

The Woman's Missionary Society of the Baptist Church met at the home of Mrs. W. C. Scott last Thursday at 4 P. M., for the Royal Service Mission program, which was rendered most creditably, and informing as to the religious life of Japan.

The social hour was much enjoyed by a goodly number of ladies.

The hostess served lovely refreshments and made us all so glad we came.

### ST. PAUL'S LUTHERAN CHURCH.

Shan M. Hull, Pastor.

The first International Convention of Luther Leagues in the history of Texas will be held in Austin, Texas, from August 23 to 28th. "Aim for Austin in August" has been the slogan which gave impetus to hundreds of young people in the U. S. and Canada to save their nickels and dust off the traveling bag for a trip to the great Lone Star State. The latest report is that the registrations are literally pouring in. The capital city of our state will offer a welcome hand to hundreds of young Lutherans from Texas and out-of-state, who will throng to the University Campus, where the Third Bi-ennial Convention will be held. These young people will come to see and hear, to greet each other in Christian fellowship and to enjoy days packed with interest and inspiration.

The program will include such well-known speakers such as the editor of the "Lutheran Standard", Rev. Ed. W. Schramm; Rev. C. H. Remold of Chicago; Rev. J. H. Reents of Nebraska; Mr. George W. Scheidt of Ohio and Mr. Rowland Hepner of Columbus will also be on the program. Texas leaders who will address the Convention are: Prof. Wm. F. Kraushaar, Rev. A. T. Lundquist of North Dakota (Augustana Synod); Prof. E. J. Braulick, Prof. A. C. Streng, Pres. E. A. Sagebiel, and Rev. C. W. Wolff of San Antonio.

One of the features of the convention will be a mammoth pageant to be staged at Memorial Stadium of University of Texas on Sunday and Monday night, Aug. 25 and 26. There will be a cast of 1,000 and a large band and a chorus of 250 voices. "The Spirit of the Church in America" is the title of the pageant. This gigantic dramatic spectacle will include the migration of pioneers into Texas and an old-fashioned wedding in a typical Southern setting. This great undertaking is sponsored by the St. Martin's Lutheran Church in connection with the Convention, and serves as a fitting prelude to the Texas Centennial celebration. The price is 50c and 25c. You are invited to attend. Starting time is 8:15.

Services in English next Sunday, Aug. 18, at 9:30. No service or Sunday school Aug. 25. At Sprottville, Aug. 18, at 2:30 P. M.

W. C. LEIBFARTH, Pastor.

### SUNDAY SCHOOL PICNIC.

The Baptist Sunday School went to Hueschen's Water Hole on the Hondo, Tuesday afternoon, for a picnic. To say that the entire affair was a "howling success" would be putting it mildly. Led by Mr. and Mrs. Henry Windrow, more than sixty joined in the affair. It looked as though the bottom would be knocked out of the creek by the hilarious swimmers. From the very little tots, some of whom were accompanied by their fond mothers, on to members of the adult class, the beautiful clear waters swarmed with splashing merriment. After two hours of such Baptist orthodoxy in legitimate recreation, a rest was had, while the crowd gathered about the abundant spread which had been provided by the good ladies of the several homes represented. Each seemed to exercise freely, until full capacity was accomplished. Next came a Camp Fire program, in which most of the company gladly joined. This was attended by much singing and merriment. It was about 8 o'clock, with the full moon smiling down upon the jolly company, when it was agreed to return home. Thus ended a long-to-be-remembered experience in the life of our Baptist Sunday School. Let it be said, all regretted the inability of quite a few of our people to attend.

### DISTRICT COURT IN SECOND WEEK OF AUGUST TERM.

On Monday, August 12, the District Court of Medina County entered its second week of the August Term. Last Thursday as we went to press the case of R. W. Richter and Alice H. Richter vs. Carl Biebers, suit to cancel deed of trust, was being tried by jury. Judgment was for the plaintiffs as to cancellation of deed of trust and it was decreed that defendant, Carl Biebers, recover from P. R. Richter \$5,182.21, being the principal, interest and attorney's fees due on note. Just before going to press this week the court granted a re-hearing in this case.)

The Petit Jury used in this case was the first called for the first week of this term of court and the Jurors were as follows: J. J. Tulloch, Ben Oefinger, E. F. Mofield, J. G. Fitz-Simon, I. F. Aten, Jim R. Clements, D. B. Martin, F. G. Senne, Alfred Finger, R. W. Speece, Chas. Hartman, F. G. Muennink, A. H. Schwarzwald, H. E. Eckhart, Geo. H. Wiemers, Willie G. Schweers, Ed. F. Faseler, Jesse G. Newton, N. F. Woolls, E. J. Oefinger, Clyde D. Abbott, F. J. Holm, Henry Finger, A. M. Raney, Isaac Wilson, Floyd Haby, Geo. Schuehle, Chas. Boehme and T. C. Barnes.

The following cases were heard and judgments made:

Agustin Rodriguez vs. Calletana Lugo Rodriguez, divorce. Dismissed at cost of plaintiff.

Juana Valdez Rocha vs. Pablo Rocha, divorce. Dismissed at plaintiff's cost.

E. F. Measles vs. Medina Mills, Inc., petition to appoint receiver. Dismissed.

John T. Briscoe, Jr. et al. vs. Alexander Boynton, et al. Dismissed at plaintiff's cost.

Marguerite N. Murrill vs. Lynn B. Murrill, divorce. Divorce granted. Custody of child awarded plaintiff and defendant ordered to pay \$5.00 per week for support of child.

Juan Ambris vs. Concha Ambris, divorce. Granted.

Jeff Sanders, et al. vs. Mrs. Julian Robinson, et al., partition. Plaintiff granted leave to file first amended petition.

A. W. Hornung vs. Estelle Hornung, divorce. Granted.

Ida Fuqua vs. Wm. Fuqua, divorce. Granted.

L. W. Burrell, et al. vs. H. E. Haass, et al. Contest election. Judgment that election be held to be null and void.

On August 12th the following Petit Jurors were sworn in to serve during the second week of court: F. A. Martin, Fred Jagge, Hugo J. Batot, O. C. Riley, Gladden C. McAnelly, A. E. Nester, R. L. Busby, Alfred Koenig, Robert Boehme, O. C. Johnson, A. G. Ilse, M. T. Schuchart, A. H. Stieger, Otto Sprott, Nic Fohn, Fred Bowman, Wm. Folk, R. J. Mangold, Robert D. Thompson, J. W. Howard, Wm. Bohl, G. W. Thompson, F. R. Grube, H. W. Eschenburg, Arthur B. Schlentz, Aug. M. Koch, James Amberson, B. C. Roberts, W. C. Scott, Phillip Nixon, Selby Woolls and H. E. Howard.

Other cases heard were as follows: E. A. Parsons, et ux, vs. C. J. Monkhause, Administrator, et al., suit to cancel certain instrument in writing, damages, etc. Judgment by agreement between parties this day filed.

Willie Virginia Forester vs. Norris Forester, divorce. Transferred to District Court of Uvalde County on motion of the court.

Martin Lee Petty vs. Edith Ferrell Petty, divorce. Transferred to District Court of Uvalde County.

The State of Texas vs. Carlos Flores, George Pompa and Leo Castillo, theft over \$50.00. Flores and Castillo plead guilty and were sentenced to two years in penitentiary. Pompa waived jury trial, plead guilty and was sentenced to two years in the penitentiary.

The State of Texas vs. Walter Johnson, theft over \$50.00. Defendant plead guilty and sentenced to two years in penitentiary. Plea for suspended sentence denied.

The State of Texas vs. James Savalla and Ed. Savalla, theft of turkeys. Jury waived, plead guilty and defendants sentenced to four months in county jail.

The State of Texas vs. Otto King, theft of cattle. Defendant plead not guilty. Found guilty and verdict rendered of two years in State penitentiary. Defendant remanded to Sheriff of Medina County.

On August 14, the following name persons: F. A. Martin, Jacob Fohn and H. V. Haass, Jr., as Jury Commissioners of the present term of court, returned into open court the list of Grand Jurors for January Term A. D. 1936, and the lists of Petit Jurors for the same term of court, January 1936.

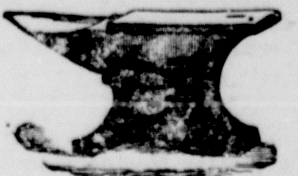

Court is still in session as we go to press.

Sheriff C. J. Schuehle requests, that we announce that the Jurymen summoned for next week, the third week of the present term of court, are excused from service and need not appear. They are to take this as official notice.

## SPARKS

Being News, Views and Reviews  
By the  
MANAGING EDITOR.

### AWARENESS WINS.

As through the fields of life you go,  
Judge not the blooms by outside show,

For some are just to charm and lure  
The weak, the crass, the amateur.

Some gleam as white as Alpine snows,  
Yet poison from each petal flows.

The flag of trust still others fling,  
But dealings fetch a dreadful sting!

Some pose as pure as filtered dews,  
Though full of foul mephitic ooze.

'Tis well to know that some delude—  
To know that bad exists with good,

To know the ones that fly decoys,  
Else sojourns here may bring few joys.

—MARGIE B. BOSWELL.

"The Federal government," according to a statement by the Texas Real Estate Forces, "collected almost \$2,000,000 in excise taxes in Texas in 1934, allowing nearly 2,000 licenses to sell whiskey. The state is unable to collect any tax for this privilege." Each one of these two thousand licenses was to "open" a saloon, the thing Roosevelt promised would be forever banned by repeal of the 18th Amendment. Why sell our integrity and practice a lie for a little revenue? Why not be honest and face the facts? Why promise to ban the "return" of something that has never been "away"?

The 24th of August draws nigh and on that date the voters of Texas are expected to pass judgment with their ballots on seven vital changes in their constitution, the fundamental law of our commonwealth. It is a too frequent occurrence, and it threatens to happen again this time, that those with a selfish motive for favoring an Amendment turn out and vote for it, while those who should protect our fundamental law from unhallowed change remain away from the polls. In this way less than ten per cent of the qualified voters have made radical changes at times in our constitution. This should not be permitted to occur at this time. Make your arrangements now to cast your vote on August 24th.

### SHEEP.

In an editorial entitled "Sheep", the Mining Review, Salt Lake City, says: "Members of Congress, both houses, many of them lawyers, sworn to uphold the Constitution, trained to analyze and understand the full import of the recent Supreme Court decisions, have been and are voting for legislation which is patently unconstitutional."

"Whether there is good or bad in this legislation is aside from the point—passing such legislation means more delay to all industry in awaiting Supreme Court decisions."

"These representatives 'of the people' brand themselves as sheep, voting as bidden with no signification of thought or memory of the oath of office."

In his Washington Column, David Lawrence recently commented on the same thing, and said that it will be an issue in the 1936 campaign.

The oath of office taken by members of Congress is clear and unequivocal. They swear to uphold and support the Constitution in word and deed, to the best of their abilities. That oath is certainly not compatible with current practices, and one wonders how long the public will stand for their elected representatives voting for measures which are obviously opposed to the fundamental law of the land.—Industrial News Review.

### STILL WORKING FOR THE HIGHWAY.

The forward-looking people of Devine, mindful of the benefits to accrue from a highway connecting Hondo and Jourdanton, via their town, seem determined to not let the matter go by default. More strength to them.

We reprint the following extracts from the Devine News of August 8th:

The Mass meeting Thursday night drew a good crowd for a hot summer night. Between forty and fifty grown people, several ladies, were present and some important and far reaching steps were taken.

W. L. DuBose, by request of Mayor Keller, called the meeting to order and stated the object of the call. By motion and second he was elected chairman of the meeting.

County Judge R. J. Noonan was in (Continued on last page.)

OCT. 17, 1903

HONDO, MEDINA COUNTY, TEXAS, FRIDAY, AUGUST 16, 1935.

VOL 50, No. 5

## LOCAL AND PERSONAL

## COMMISSIONERS' COURT MEETS.

The Commissioners' Court of Medina County met in regular session Monday, August 12, 1935, with all members present.

It was ordered that for the present month and for the following months of 1935, the county commissioners be paid their salaries out of the General Fund of the County. It was also ordered that the new general law relative to salaries of county commissioners which became effective on Aug. 11, 1935, shall be followed in this County on and after said date.

The sum of \$300 was ordered transferred from the General Fund to the courthouse and jail fund.

Having determined that an engineer is necessary in the matter of making plans and specifications and proposals in the approaching public works campaign, it was ordered that R. W. Speece be employed by the County as a county engineer at a monthly salary of \$150.00 per month plus actual car expenses, payable monthly out of road and bridge fund, said employment to begin on the 13th day of August 1935, and to continue until further order of the court.

It was ordered that the election to be held on August 24th for precinct No. 4, Verdina, be changed from the residence of Ben de Grodt to the public school house.

The quarterly reports were examined and approved, as were also the quarterly finance report and bills.

Upon motion made by Oscar Tondre, seconded by Com. Roberson, and upon a vote the entire court voting affirmatively, it was ordered that the county and road district and school taxes be and same were fixed by the court for the year 1935 as follows: The county and road district rates shall remain unchanged and remain as for the year 1934. The County taxes as last year are as follows:

General Bond Tax	50c
Road and Bridge	10c
General Tax	25c
Improvement Tax	2c
Jury Tax	3c

Total	90c
Road District No. 2	10c
Road District No. 4	10c

Court recessed until called by County Judge R. J. Noonan.

## PLANNING W. P. A. PROJECTS.

At a recent session of the Commissioners Court, in order that Medina County's unemployed may share in the funds to be disbursed under the auspices of the Works Progress Administration, the court passed the following order:

It is ordered by the court that in the W. P. A. program soon to be begun the first projects to be undertaken by the county will be the construction of all-weather roads over all rural route and star route roads. This action being taken for the reason that said mail routes are part of the United States Post Road System which supply the rural communities with their mail and because such construction will serve the greatest number of our taxpaying people and complete a much needed system of farm to market roads.

In furtherance of this plan, as mentioned in Court proceedings elsewhere, Mr. R. W. Speece has been employed as County Engineer to survey, plat and map these projects. His first work has been a survey of the 24-mile Hondo-Quilhi rural route.

In addition to this definite plan, which will give the county some permanent lateral road construction, the Court, in co-operation with the Commissioners of Bandera County, has taken under advisement the practicability of making a road from Hondo to Bandera a W. P. A. project.

When in town call around and buy good groceries at a reasonable price. C. J. BLESS.

Mr. Archie Mangold of LaCoste underwent an appendectomy on August 12th at Medina Hospital and is well on the road to recovery.

Mr. and Mrs. S. A. Jungman and son, Anthony, left Wednesday for Corpus Christi where they are spending the remainder of the week.

Mrs. Louis Nietenhofer underwent a minor operation on August 13th at Medina Hospital. Her friends wish her a speedy return to good health.

Miss Emabel Oefinger is recuperating from an appendix operation performed August 9th at the Medina Hospital. Miss Oefinger's home is in Yancey.

Fritz Martin was down from his ranch yesterday and says range conditions are fine. He still has an abundance of clear, running water on his ranch.

FOR SALE, 200 acres of fine pasture land near Dunlay. Good tank. Apply Albert Biediger, Castroville, Texas, are Julius Biediger, 332 S. Presa St., San Antonio, Texas. ltpd.

Miss Elvira Schweers has returned from Brady, where she was the guest of Miss Augusta Dowling. Miss Schweers and Miss Dowling were classmates at Westmoorland the past two years.

## DID YOU EVER STOP TO THINK

By Edson R. Waite,  
Shawnee, Oklahoma.

W. C. JOHNSON, EDITOR OF THE SUFFOLK (VA.) NEWS-HERALD, SAYS:

"Advertising is to merchandising in particular and business in general what moisture is to vegetation; denied rain and dew, the fruit of the earth withers and dies; without publicity, business becomes a paralytic and goes to a slow death.

"Therefore, the only problem for the advertiser is to find a medium which covers his field without duplication and waste when more than one medium is used. It is my firm belief, founded on thirty-six years of newspaper work in almost every department outside the mechanical, that merchants are throwing away millions of dollars annually through duplications and the choice of valueless media. Merchants in the smaller cities and towns where they are unorganized are preyed upon piteously by the public always loaded with a 'cause'.

"There is but ONE SAFE PUBLICITY MEDIUM for the retail merchant or others with something to sell, and that IS THE WELL ESTABLISHED LOCAL NEWSPAPER. Communities of twenty thousand and under can be adequately served by one newspaper. Space in any other medium is a donation, not on investment. Only the newspaper carries the message into the heart of the home.

"The local newspaper breaks down sales resistance and merchandising news is not a slap in the face of the reader. It is accepted as the mouthpiece and spokesman of the community's social, financial, business and industrial life, duly authorized by common consent to disseminate messages from man to man and from group to group.

"OTHER PUBLICITY MEDIA MAY FAIL; THE LOCAL NEWSPAPER NEVER WHEN THE MESSAGE IS CLEAR AND UNDERSTANDABLE, BACKED BY PUBLIC CONFIDENCE IN THE ADVERTISER AND THE THINGS HE SELLS."

This paper is YOUR publicity medium; Let us serve you.

METHODIST CHURCH.  
Shan M. Hull, Pastor.

We wish to call the attention of the general public to our revival meeting which is to begin this coming Sunday morning, and will continue for two weeks, closing the first Sunday in September. The meeting will be held out in the open, on the beautiful grassy lawn at the Water Works' Pump Station. This will be a very delightful place for a summer revival; therefore, we wish to extend a general invitation to all Christian people to join us in our special efforts that God may give Hondo a most gracious outpouring of His Holy Spirit, for if there ever was a time when the Church needed a real old time revival of religion, surely that time is right here now. If there are those who play some kind of an instrument, we would be delighted to have them bring their instruments with them and help us form an orchestra, and play during the meeting. The singers from the different denominations of the town and community are urged to join us in our choir; a large platform will be provided to care for the choir.

A committee from the Board of Stewards met with the sponsors of the Hondo Soft Ball League and entered into an agreement satisfactory to all, whereby the League would play four nights a week during the revival, beginning at 7 o'clock and quitting at 8:15, playing but one game a night, during the two weeks of the revival. We wish to thank the League for its most hearty cooperation, and we hope that many of the baseball fans will not only go to the game, but that they shall also attend the revival meeting. By the way, gentlemen, you need not go home to change your clothes after the game; go right on to the meeting as you are, and feel perfectly free in going, as a most cordial welcome will await you one and all.

The first service of the revival, which will be Sunday morning at 11 o'clock, will be held at the Methodist Church, going to the Park for the evening hour. In case of rain, after the meeting gets under way, the revival will move back to the church, and then back to the park, when the weather permits; therefore, attend the meeting, whether it rains or not.

We wish to make a couple of announcements for future dates, as follows, viz.: Two of the Adult Classes of the Church School are going to have a Silver Tea on Friday afternoon, September 6th. Everybody who cares to attend the Tea are most cordially invited. A special entertainment feature will be provided for the entertainment of the guests during the time. The place of the occasion will be announced a little later; the Church is planning to have its Annual Dinner during the first week of October, at a place that shall be announced at a later date. We merely wish to keep these two dates in the minds of the people.

Let's all make an effort to attend all of the services possible during the revival meeting; the success of which, shall not depend altogether upon the preacher, but upon the cooperation on the part of the church and our friends.

"Come thou with us, we'll do thee good."

W. M. S. OF BAPTIST CHURCH. The Woman's Missionary Society of the Baptist Church met at the home of Mrs. W. C. Scott last Thursday at 4 P. M., for the Royal Service Mission program, which was rendered most creditably, and informing as to the religious life of Japan.

The social hour was much enjoyed by a goodly number of ladies.

The hostess served lovely refreshments and made us all so glad we came.

Reporter.

## ST. PAUL'S LUTHERAN CHURCH.

The first International Convention of Luther Leagues in the history of Texas will be held in Austin, Texas, from August 23 to 28th. "Aim for Austin in August" has been the slogan which gave impetus to hundreds of young people in the U. S. and Canada to save their nickels and dust off the traveling bag for a trip to the great Lone Star State. The latest report is that the registrations are literally pouring in. The capital city of our state will offer a welcome hand to hundreds of young Lutherans from Texas and out-of-state, who will throng to the University Campus, where the Third Biennial Convention will be held. These young people will come to see and hear, to greet each other in Christian fellowship and to enjoy days packed with interest and inspiration.

The program will include such well-known speakers such as the editor of the "Lutheran Standard", Rev. Ed. W. Schramm; Rev. C. H. Remold of Chicago; Rev. J. H. Reents of Nebraska. Mr. George W. Scheidt of Ohio and Mr. Rowland Hepner of Columbus will also be on the program. Texas leaders who will address the Convention are: Prof. Wm. F. Kraushaar, Rev. A. T. Lundquist of Worth (Augustana Synod); Prof. E. J. Braulick, Prof. A. C. Streng, Pres. E. A. Sagebiel, and Rev. A. L. Hoff of San Antonio.

One of the features of the convention will be a mammoth pageant to be staged at Memorial Stadium of University of Texas on Sunday and Monday night, Aug. 25 and 26. There will be a cast of 1,000 and a large band and a chorus of 250 voices. "The Spirit of the Church in America" is the title of the pageant. This gigantic dramatic spectacle will include the migration of pioneers into Texas and an old-fashioned wedding in a typical Southern setting. This great undertaking is sponsored by the St. Martin's Lutheran Church in connection with the Convention, and serves as a fitting prelude to the Texas Centennial celebration. The price is 50c and 25c. You are invited to attend. Starting time is 8:15.

Services in English next Sunday, Aug. 18, at 9:30. No service or Sunday school Aug. 25. At Sprottville, Aug. 18, at 2:30 P. M.

W. C. LEIBFARTH, Pastor.

## SUNDAY SCHOOL PICNIC.

The Baptist Sunday School went to Hueschen's Water Hole on the Hondo, Tuesday afternoon, for a picnic. To say that the entire affair was a "howling success" would be putting it mildly. Led by Mr. and Mrs. Henry Windrow, more than sixty joined in the affair. It looked as though the bottom would be knocked out of the creek by the hilarious swimmers. From the very little tots, some of whom were accompanied by their fond mothers, on to members of the adult class, the beautiful clear waters swarmed with splashing merriment. After two hours of such Baptist orthodoxy in legitimate recreation, a rest was had, while the crowd gathered about the abundant spread which had been provided by the good ladies of the several homes represented. Each seemed to exercise freely, until full capacity was accomplished. Next came a Camp Fire program, in which most of the company gladly joined. This was attended by much singing and merriment. It was about 8 o'clock, with the full moon smiling down upon the jolly company, when it was agreed to return home. Thus ended a long-to-be-remembered experience in the life of our Baptist Sunday School. Let it be said, all regretted the inability of quite a few of our people to attend.

## DISTRICT COURT IN SECOND WEEK OF AUGUST TERM.

On Monday, August 12, the District Court of Medina County entered its second week of the August Term. Last Thursday as we went to press the case of R. W. Richter and Alice H. Richter vs. Carl Biebers, suit to cancel deed of trust, was being tried by jury. Judgment was for the plaintiffs as to cancellation of deed of trust and it was decreed that defendant, Carl Biebers, recover from P. R. Richter \$5,182.21, being the principal, interest and attorney's fees due on note. Just before going to press this week the court granted a re-hearing in this case.

The Petit Jury used in this case was the first called for the first week of this term of court and the Jurors were as follows: J. J. Tulloch, Ben Oefinger, E. F. Mofield, J. G. Fitz-Simon, I. F. Aten, Jim R. Clements, D. B. Martin, F. G. Senne, Alfred Finger, R. W. Speece, Chas. Hartman, F. G. Muennink, A. H. Schwarling, H. E. Eckhart, Geo. H. Wiemers, Willie G. Schweers, Ed. F. Faseler, Jesse G. Newton, N. F. Woods, E. J. Oefinger, Clyde D. Abbott, F. G. Holmg, Henry Finger, A. M. Roney, Isaac Wilson, Floyd Haby, Geo. Schuehle, Chas. Boehme and T. C. Barnes.

The following cases were heard and judgments made:

Agustin Rodriguez vs. Calletana Lugo Rodriguez, divorce. Dismissed at cost of plaintiff.

Juana Valdez Rocha vs. Pablo Rocha, divorce. Dismissed at plaintiff's cost.

E. F. Measles vs. Medina Mills, Inc., petition to appoint receiver. Dismissed.

John T. Briscoe, Jr. et al. vs. Alexander Boynton, et al. Dismissed at plaintiffs' cost.

Marguerite N. Murrill vs. Lynn B. Murrill, divorce. Divorce granted. Custody of child awarded plaintiff and defendant ordered to pay \$5.00 per week for support of child.

Juan Ambris vs. Concha Ambris, divorce. Granted.

Jeff Sanders, et al. vs. Mrs. Julian Robinson, et al., partition. Plaintiff granted leave to file first amended petition.

A. W. Hornung vs. Estelle Hornung, divorce. Granted.

Ida Fuqua vs. Wm. Fuqua, divorce. Granted.

L. W. Burrell, et al. vs. H. E. Haass, et al. Contest election. Judgment that election be held to be null and void.

On August 12th the following Petit Jurors were sworn in to serve during the second week of court: F. A. Martin, Fred Jagge, Hugo J. Batot, O. C. Riley, Gladden C. McAnelly, A. E. Nester, R. L. Busby, Alfred Koenig, Robert Boehme, O. C. Johnson, A. G. Ilse, M. T. Schuchart, A. H. Stiegler, Otto Sprott, Nie Fohn, Fred Bowman, Wm. Folk, R. J. Mangold, Robert D. Thompson, J. W. Howard, Wm. Bohl, G. W. Thompson, F. R. Grube, H. W. Eschenburg, Arthur B. Schlentz, Aug. M. Koch, James Amberson, B. C. Roberts, W. C. Scott, Phillip Nixon, Selby Woods and H. E. Howard.

Other cases heard were as follows: E. A. Parsons, et ux, vs. C. J. Monkhouse, Administrator, et al., suit to cancel certain instrument in writing, damages, etc. Judgment by agreement between parties this day filed.

Willie Virginia Forester vs. Norris Forester, divorce. Transferred to District Court of Uvalde County on motion of the court.

Martin Lee Petty vs. Edith Ferrill Petty, divorce. Transferred to District Court of Uvalde County.

The State of Texas vs. Carlos Flores, George Pompa and Leo Castillo, the over \$50.00. Flores and Castillo plead guilty and were sentenced to two years in penitentiary. Pompa waived jury trial, plead guilty and was sentenced to two years in the penitentiary.

The State of Texas vs. Walter Johnson, theft over \$50.00. Defendant plead guilty and sentenced to two years in penitentiary. Plea for suspended sentence denied.

The State of Texas vs. James Savalia and Ed. Savalia, theft of turkeys. Jury waived, plead guilty and defendants sentenced to four months in county jail.

The State of Texas vs. Otto King, theft of cattle. Defendant plead not guilty. Found guilty and verdict rendered of two years in State penitentiary. Defendant remanded to Sheriff of Medina County.

On August 14, the following name persons: F. A. Martin, Jacob Fohn and H. V. Haass, Jr., as Jury Commissioners of the present term of court, returned into open court the list of Grand Jurors for January Term A. D. 1936, and the lists of Petit Jurors for the same term of court, January 1936.

Court is still in session as we go to press.

Sheriff C. J. Schuehle requests, that we announce that the Jurymen summoned for next week, the third week of the present term of court, are excused from service and need not appear. They are to take this as official notice.

## AWARENESS WINS.

As through the fields of life you go,  
Judge not the blooms by outside show,

For some are just to charm and lure  
The weak, the crass, the amateur.

Some gleam as white as Alpine snows,  
Yet poison from each petal flows.

The flag of trust still others fling,  
But dealings fetch a dreadful sting!

Some pose as pure as filtered dews,  
Though full of foul mephitic ooze.

'Tis well to know that some delude—  
To know that bad exists with good,

To know the ones that fly decoys,  
Else sojourns here may bring few joys.

—MARGIE B. BOSWELL.

"The Federal government," according to a statement by the Texas Repeal Forces, "collected almost \$2,000,000 in excise taxes in Texas in 1934, allowing nearly 2,000 licenses to sell whiskey. The state is unable to collect any tax for this privilege." Each one of these two thousand licenses was to "open" a saloon, the thing Roosevelt promised would be forever banned by repeal of the 18th Amendment. Why sell our integrity and practice a lie for a little revenue? Why not be honest and face the facts? Why promise to ban the "return" of something that has never been "away"?

The 24th of August draws nigh and on that date the voters of Texas are expected to pass judgment with their ballots on seven vital changes in their constitution, the fundamental law of our commonwealth. It is a too frequent occurrence, and it threatens to happen again this time, that those with a selfish motive for favoring an Amendment turn out and vote for it, while those who should protect our fundamental law from unallowable change remain away from the polls. In this way less than ten per cent of the qualified voters have made radical changes at times in our constitution. This should not be permitted to occur at this time. Make your arrangements now to cast your vote on August 24th.

## SHEEP.

In an editorial entitled "Sheep", the Mining Review, Salt Lake City, says: "Members of Congress, both houses, many of them lawyers, sworn to uphold the Constitution, trained to analyze and understand the full import of the recent Supreme Court decisions, have been and are voting for legislation which is patently unconstitutional."

"Whether there is good or bad in this legislation is aside from the point—passing such legislation means more delay to all industry in awaiting Supreme Court decisions."

"These representatives of the people brand themselves as sheep, voting as bidden with no signification of thought or memory of the oath of office."

In his Washington Column, David Lawrence recently commented on the same thing, and said that it will be an issue in the 1936 campaign.

The oath of office taken by members of Congress is clear and unequivocal. They swear to uphold and support the Constitution in word and deed, to the best of their abilities. That oath is certainly not compatible with current practices, and one wonders how long the public will stand for their elected representatives voting for measures which are obviously opposed to the fundamental law of the land.—Industrial News Review.

## STILL WORKING FOR THE HIGHWAY.

The forward-looking people of Devine, mindful of the benefits to accrue from a highway connecting Hondo and Jourdanton, via their town, seem determined to not let the matter go by default. More strength to them.

We reprint the following extracts from the Devine News of August 8th:

The Mass meeting Thursday night drew a good crowd for a hot summer night. Between forty and fifty grown people, several ladies, were present and some important and far reaching steps were taken.

W. L. DuBose, by request of Mayor Keller, called the meeting to order and stated the object of the call. By motion and second he was elected chairman of the meeting.

County Judge R. J. Noonan was in (Continued on last page.)

**KEELER AND POWELL IN CURRENT FILM AT COLONIAL.**

The most popular co-starring team on the screen today, Ruby Keeler and Dick Powell, make their fifth appearance together in "Flirtation Walk", the First National musical romance which is showing currently at the Colonial Theatre.

The Keeler-Powell combine has appeared in "42nd Street", "Gold Diggers of 1933", "Footlight Parade" and "Dames".

Where their other successes have presented them against a theatrical background, "Flirtation Walk" shows them in an entirely new setting. Their romance begins in Hawaii, where Ruby, a General's daughter, meets Dick, a young private in the army. Then the action switches to West Point, where Dick is trying to make himself an "officer and gentleman".

Others in the cast are Pat O'Brien as a tough army sergeant, John Eldredge, Ross Alexander, Henry O'Neill, Guinn Williams, John Arledge and Glen Boles.

There are magnificent dance sequences and beautiful tunes.

## E. P. Leinweber Co.

"The Store for all Generations"

### THE IMPORTANCE OF FARM MECHANICS IN SCHOOLS.

The broad objective of the farm mechanics course is "to train boys to do the ordinary construction and repair work that needs to be done on the average farm with the tools the average farmer may reasonably be expected to have." Other contributory and explanatory objectives of farm mechanics work have been stated as follows:

1. To motivate the formation of good habits and to develop knowledge, judgment, attitudes, ideals and appreciations for farm mechanics activities.
2. To prepare the student to do the unspecialized farm mechanics activities.
3. To train in general farm construction and repair jobs.
4. To give practical training in the use and care of tools and skills necessary for average farm conditions.
5. To create a desire in the boy to have a set of standard-made tools at home.
6. To encourage each boy to have a farm shop at home.
7. To stimulate him to keep his shop orderly with all tools and other equipment arranged in their proper places.
8. To give the boy confidence to do the jobs he may meet.
9. To create a desire in the boy to do good workmanship.

The course should be built around the boy's supervised practice work and his home farm needs. He should gain a fuller appreciation of his home life; he should desire a better equipped farmstead and though the results of the course, enjoy a greater margin of satisfaction and profit. A well balanced farm shop course will include the following phases or enterprises:

1. Classification and use of materials and tools.
2. Tool sharpening.
3. Farm wood work.
4. Painting.
5. Rope work.
6. Harness work.
7. Sheet metal and soldering.
8. Concrete work.
9. Agricultural sketching plans, etc.
10. Belt work.
11. Forge work.
12. Farm conveniences (plumbing, heating, water supply, sewerage disposal, lighting, etc.).
13. Farm machinery.
14. Tractor, gas engines and automobiles.

The broad objectives and yet the practical use of the course can be in not only on the farm but around the home makes it of untold value to the boy after leaving school. It is a course when mastered means actual money and pleasure to the boy. I taught the first Farm Shop course under the Smith-Hughes Vocational Education in Texas. My argument at that time was to prepare the average farm boy to do the necessary repairs on his home farm. I opened the evening school with eight "Cagan French" boys and it proved so beneficial that I soon had an enrollment in the Agricultural Engineering and Farm Mechanics Evening School of 40. This class ran for two years. We must teach boys to make a living and to make a better living after they have taken their schooling than before or their schooling is a waste of time. We cannot deny that this country is fast becoming mechanical and motivated and as our boys leave school can they, under the present type of instruction make a better living than they could have made when they entered school?

Herbert Wolff was a business caller at this office Tuesday. Mr. Wolff says people in the Seco valley are still busy repairing the damage from the May 31st flood. Repairs are being long drawn out both because of the extent of the damage and the time necessary to care for the crops.

Mr. and Mrs. Willie Ziegenbalg had as their guests Sunday Mr. and Mrs. Willie Seifert and family and Mrs. Henry Pauley of San Antonio. Mr. and Mrs. Ernest Ziegenbalg and Mr. and Mrs. Hans Ziegenbalg of Natalia, and Mr. and Mrs. Earl Richardson and family of California. They all enjoyed a pleasant day.

E. J. Schott was here Monday arranging for matched races between two of his horses, Miss Gray and My Silvan, and two of Toby Koch's horses, Cloudy Day and Bonnie C. The races will be three-eighths of a mile and for a \$100.00 purse for each race. Races will start at 2:30 P. M. and will be run on the Fair Ground race track.

Mr. J. W. Harris, Sabinal; Miss Hulda Nester, Hondo, and Miss Adelia Friemel, Umberger, were the names called Tuesday night at the Colonial Theatre to receive the two \$100 and one \$20 bank accounts. All three failed to respond to the call. Next bank night the amounts will be two \$100 accounts and one \$40 account.

Nestle method permanently waved hair without destroying gloss and texture of normal hair, dressed in modern individual type after shampoo and thoroughly dried will retain coiffure after necessary daily care of hair. Daily application of water to hair is detrimental to hair texture. Marinello face powder, lotions and creams are sold here and used for scientific care of face, hair and scalp, a necessity for health. **LADIES BEAUTY SHOPPE.**

Mr. Henry Merriman, who with his wife and daughter, Betty Jean, returned the latter part of last week from a visit to relatives in Corpus Christi, reports a most enjoyable visit. His uncle, Eli T. Merriman, took charge of him and among the interesting incidents of the trip took him to the old homestead where the Merriman brothers were reared near Blanquette and also to the place where Mr. Merriman's parents were married in 1874. They visited Mrs. Cotton Wright of Blanquette, widow of a former big cattleman of that section. Mrs. Wright was one of the attendants who, as a young lady, danced at the wedding reception for Mr. and Mrs. James E. Merriman when they married, and remembers the occasion very distinctly. Mr. Eli T. Merriman, who has spent a long life in the Corpus Christi section and is still active, told him many interesting accounts connected with its history.

### QUIHI NOTES.

My Lord, if now I have found favor in thy sight, pass not away, I pray thee, from thy servant. Gen. 18:3.

These are amazing statements, in quick succession, "the Lord appeared unto Abraham", "and God went up from Abraham", "and the Lord appeared unto him in the plains of Mamre",—the latter appearance, then, being followed by the invitation above. Never a word of astonishment from Abraham at these manifestations, these incarnations, when the Lord appears to him in human form, man to man, single or in company. What commotion today, what headlines, what elaborate, high-powered, supercharged and multi-colored press reports, if the same thing would happen again! How many give credence to these reports in Genesis? How many brush them aside as lurid phantasmagoria, vivid illusions, of the hoary past? "There is no such thing," said the Siberian peasant, when told about an aeroplane. There are many things too big for our habitation in this world of faith; it would not be worth bothering about them, if they were as plain as the multiplication table. Those manifestations of God to man, whether in personal appearances or in signs and symbols (rainbow, pillar of cloud, of fire, thunder and lightning, Urim and Thummim, the shekinah, mysterious signs of His presence), all these culminate in the incarnation of the Son of God, i. e. when God became man. One is attested as well as the other. And ours is but the re-echo of Abraham's prayer: "Pass me not, my gentle Savior!"

While many are making their livelihood in the sweat of their face in long days and parts of the night, others have those dewdrops, caused by fear and pain, upon their brows, lying on the operation table or in the lonely sick room. Little Miss Jerry Schuchle, daughter of Mr. and Mrs. Wm. Schuchle, had her tonsils removed. She is up and about, and knows a lot of how one feels when one is "gassed". Mr. Marvin Grell went through the same ordeal and contemplates, why we carry a number of organs around with us that give us all kinds of trouble and we seem to be none the worse after their removal. Speedy recovery to you, Marvin.

Mr. and Mrs. Arthur Schulte had their little son baptized last Sunday. They had selected the names William Ray. Still more important is the fact that he has become a child of God. For as many of you as have been baptized into Christ have put on Christ. (Gal. 3:27). Mr. and Mrs. Henry Schulte, Jr., assumed the sponsorship.

Announcements for August the 18th: German service at 10; Sunday School and Bible classes at 9; Luther League program at 7:45. All (those) that the Father giveth me shall come to me. John 6:37.

### OPEN AIR SPEAKING.

We are requested to announce that Rev. B. G. Holloway of Crystal City and a young man from Pearsall will speak at some place on the streets of Hondo at about 4 o'clock this afternoon.

We are not informed as to the purpose of the speaking or the theme, but presume it has to do with the Amendment election to be held on the 24th instant. At any rate, we are sure those of our citizens who can listen will accord them a courteous hearing.

### FOUND DEAD.

Mexican children playing in the neighborhood of where Hattie Pace, a colored woman lived alone, found her dead in her home late Sunday evening. The condition of the body indicated that she had been dead since about Friday, but the surroundings indicated death had resulted from natural causes.

Relatives claimed the body and under direction of John A. Horger, funeral director, it was taken to Floresville for interment.

Rolf Balzen is here from Comfort visiting his sister, Mrs. Robert Reitzer.

**KEELER AND POWELL IN CURRENT FILM AT COLONIAL.**

The most popular co-starring team on the screen today, Ruby Keeler and Dick Powell, make their fifth appearance together in "Flirtation Walk", the First National musical romance which is showing currently at the Colonial Theatre.

The Keeler-Powell combine has appeared in "42nd Street", "Gold Diggers of 1933", "Footlight Parade" and "Dames".

Where their other successes have presented them against a theatrical background, "Flirtation Walk" shows them in an entirely new setting. Their romance begins in Hawaii, where Ruby, a General's daughter, meets Dick, a young private in the army. Then the action switches to West Point, where Dick is trying to make himself an "officer and gentleman".

Others in the cast are Pat O'Brien as a tough army sergeant, John Eldredge, Ross Alexander, Henry O'Neill, Guinn Williams, John Arledge and Glen Boles.

There are magnificent dance sequences and beautiful tunes.

**THE IMPORTANCE OF FARM MECHANICS IN SCHOOLS.**

The broad objective of the farm mechanics course is "to train boys to do the ordinary construction and repair work that needs to be done on the average farm with the tools the average farmer may reasonably be expected to have." Other contributory and explanatory objectives of farm mechanics work have been stated as follows:

1. To motivate the formation of good habits and to develop knowledge, judgment, attitudes, ideals and appreciations for farm mechanics activities.
2. To prepare the student to do the unspecialized farm mechanics activities.
3. To train in general farm construction and repair jobs.
4. To give practical training in the use and care of tools and skills necessary for average farm conditions.
5. To create a desire in the boy to have a set of standard-made tools at home.
6. To encourage each boy to have a farm shop at home.
7. To stimulate him to keep his shop orderly with all tools and other equipment arranged in their proper places.
8. To give the boy confidence to do the jobs he may meet.
9. To create a desire in the boy to do good workmanship.

The course should be built around the boy's supervised practice work and his home farm needs. He should gain a fuller appreciation of his home life; he should desire a better equipped farmstead and though the results of the course, enjoy a greater margin of satisfaction and profit. A well balanced farm shop course will include the following phases or enterprises:

1. Classification and use of materials and tools.
2. Tool sharpening.
3. Farm wood work.
4. Painting.
5. Rope work.
6. Harness work.
7. Sheet metal and soldering.
8. Concrete work.
9. Agricultural sketching plans, etc.
10. Belt work.
11. Forge work.
12. Farm conveniences (plumbing, heating, water supply, sewerage disposal, lighting, etc.).
13. Farm machinery.
14. Tractor, gas engines and automobiles.

The broad objectives and yet the practical use the course can be in not only on the farm but around the home makes it of untold value to the boy after leaving school. It is a course when mastered means actual money and pleasure to the boy. I taught the first Farm Shop course under the Smith-Hughes Vocational Education in Texas. My argument at that time was to prepare the average farm boy to do the necessary repairs on his home farm. I opened the evening school with eight "Cagan French" boys and it proved so beneficial that I soon had an enrollment in the Agricultural Engineering and Farm Mechanics Evening School of 40. This class ran for two years. We must teach boys to make a living and to make a better living after they have taken their schooling than before or their schooling is a waste of time. We cannot deny that this country is fast becoming mechanical and motivated and as our boys leave school can they, under the present type of instruction make a better living than they could have made when they entered school?

Herbert Wolff was a business caller at this office Tuesday. Mr. Wolff says people in the Seco valley are still busy repairing the damage from the May 31st flood. Repairs are being long drawn out both because of the extent of the damage and the time necessary to care for the crops.

Mr. and Mrs. Willie Ziegenbalg had as their guests Sunday Mr. and Mrs. Willie Seifert and family and Mrs. Henry Pauley of San Antonio. Mr. and Mrs. Ernest Ziegenbalg and Mr. and Mrs. Hans Ziegenbalg of Natalia, and Mr. and Mrs. Earl Richerson and family of California. They all enjoyed a pleasant day.

E. J. Schott was here Monday arranging for matched races between two of his horses, Miss Gray and My Silvan, and two of Toby Koch's horses, Cloudy Day and Bonnie C. The races will be three-eighths of a mile and for a \$100.00 purse for each race. Races will start at 2:30 P. M. and will be run on the Fair Ground race track.

Mr. J. W. Harris, Sabinal; Miss Hulda Nester, Hondo; and Miss Adelia Friemel, Umborger, were the names called Tuesday night at the Colonial Theatre to receive the two \$100 and one \$20 bank accounts. All three failed to respond to the call. Next bank night the amounts will be two \$100 accounts and one \$40 account.

Nestle method permanently waved hair without destroying gloss and texture of normal hair, dressed in modern individual type after shampoo and thoroughly dried will retain coiffure after necessary daily care of hair. Daily application of water to hair is detrimental to hair texture. Marinello face powder, lotions and creams are sold here and used for scientific care of face, hair and scalp, a necessity for health. **LADIES BEAUTY SHOPPE.**

Mr. Henry Merriman, who with his wife and daughter, Betty Jean, returned the latter part of last week from a visit to relatives in Corpus Christi, reports a most enjoyable visit. His uncle, Eli T. Merriman, took charge of him and among the interesting incidents of the trip took him to the old homestead where the Merriman brothers were reared near Blanquette and also to the place where Mr. Merriman's parents were married in 1874. They visited Mrs. Cotton Wright of Blanquette, widow of a former big cattleman of that section. Mrs. Wright was one of the attendants who, as a young lady, danced at the wedding reception for Mr. and Mrs. James E. Merriman when they married, and remembers the occasion very distinctly. Mr. Eli T. Merriman, who has spent a long life in the Corpus Christi section and is still active, told him many interesting accounts connected with its history.

**QUIHI NOTES.**

My Lord, if now I have found favor in thy sight, pass not away, I pray thee, from thy servant. Gen. 18:3.

Those are amazing statements, in quick succession, "the Lord appeared unto Abraham", "and God went up from Abraham", "and the Lord appeared unto him in the plains of Mamre",—the latter appearance, then, being followed by the invitation above. Never a word of ascription from Abraham at these manifestations, these incarnations, when the Lord appears to him in human form, man to man, single or in company. What commotion today, what headlines, what elaborate, high-powered, supercharged and multi-colored press reports, if the same thing would happen again! How many give credence to these reports in Genesis? How many brush them aside as lurid phantasmagoria, vapid illusions, of the hoary past? "There is no such thing," said the Siberian peasant, when told about an aeroplane. There are many things too big for our hand in this world of faith; it wouldn't be worth bothering about them, if they were as plain as the multiplication table. Those manifestations of God to man, whether in personal appearances or in signs and symbols (rainbow, pillar of cloud, of fire, thunder and lightning, Urim and Thummim, the shekinah, mysterious signs of His presence), all these culminate in the incarnation of the Son of God, i. e. when God became man. One is attested as well as the other. And ours is but the re-echo of Abraham's prayer: "Pass me not, my gentle Savior!"

While many are making their livelihood in the sweat of their face in long days and parts of the night, others have those dewdrops, caused by fear and pain, upon their brows, lying on the operation table or in the lonely sick room. Little Miss Jerry Schuehle, daughter of Mr. and Mrs. Wm. Schuehle, had her tonsils removed. She is up and about, and knows a lot of how one feels when one is "gassed". Mr. Marvin Grell went through the same ordeal and contemplates, why we carry a number of organs around with us that give us all kinds of trouble and we seem to be none the worse after their removal. Speedy recovery to you, Marvin.

Mr. and Mrs. Arthur Schulte had their little son baptized last Sunday. They had selected the names William Ray. Still more important is the fact that he has become a child of God. For as many of you as have been baptized into Christ have put on Christ. (Gal. 3:27). Mr. and Mrs. Henry Schulte, Jr., assumed the sponsorship.

Announcements for August the 18th: German service at 10; Sunday School and Bible classes at 9; Luther League program at 7:45. All (those) that the Father giveth me shall come to me. John 6:37.

**OPEN AIR SPEAKING.**

We are requested to announce that Rev. B. G. Holloway of Crystal City and a young man from Pearsall will speak at some place on the streets of Hondo at about 4 o'clock this afternoon.

We are not informed as to the purpose of the speaking or the theme, but presume it has to do with the Amendment election to be held on the 24th instant. At any rate, we are sure those of our citizens who can listen will accord them a courteous hearing.

**FOUND DEAD.**

Mexican children playing in the neighborhood of where Hattie Pace, a colored woman lived alone, found her dead in her home late Sunday evening. The condition of the body indicated that she had been dead since about Friday, but the surroundings indicated death had resulted from natural causes.

Relatives claimed the body and under direction of John A. Horger, funeral director, it was taken to Floresville for interment.

daughters were visiting homefolks at  
Cliff Sunday.

Mr. and Mrs. Wm. Bohl and son  
Howard were San Antonio visitors  
Tuesday.

Messrs Branch and Vincent Keller  
and Hugo Reichert were San An-  
tonio visitors Monday.

Miss Annie Geiger, R. N., from  
San Antonio is spending her vacation  
with homefolks here this week.

Mrs. Albert Tschirhart and niece,  
Miss Margaret Tschirhart from Noon-  
an were visitors here last Friday.

Mrs. Richard Stein and daughter  
and Miss Elsie Koenig were visitors  
at Hondo last Friday.

Mr. and Mrs. Ralph Tschirhart and  
family were LaCoste visitors last  
Saturday.

H. E. Flory from Riomedina and  
Edgar Hans from Castrovilla were  
business visitors here Monday.

Otto W. Schneider from Delta was  
a business visitor here last Thurs-  
day.

Emil Bendele and son Eugene  
from the Francisco were LaCoste  
visitors Monday.

Jacob Biediger and daughter Miss  
Clara and son Oscar from Spindtop  
were visitors here Wednesday.

Miss Myrtle Hitzfelder was the  
guest of Miss Gertrude Gray at Lytle  
last week Thursday.

Mrs. Frank Hauck from Woods-  
bury, Texas, spent a few days with  
Mrs. Henry Mangold here.

Mr. and Mrs. Wm. Jungman, Sr.  
were San Antonio visitors Wednes-  
day.

Mr. and Mrs. Walter Stein and  
daughter and Mr. and Mrs. Raymond  
Schott from Riomedina were LaCoste  
visitors last Thursday afternoon.

Mesdames Mathilda Kempf and  
Clemens Kempf and son from Castrov-  
illa were short visitors here Mon-  
day.

Mr. and Mrs. Paul N. Biediger and  
family from San Antonio were the  
guests of homefolks here last week,  
Wednesday.

Mrs. Wm. Geiger and daughters  
Misses Alma and Hulda and son Paul  
were San Antonio visitors Tuesday  
evening.

and Amos, and Frank Conrad from  
near Devine were business visitors  
here Wednesday.

Mesdames Henry Mangold, R. P.  
Geiger and Frank Hauck were the  
guests of Mr. and Mrs. Joe Tschir-  
hart, Jr., at Bader Settlement Mon-  
day.

Mr. and Mrs. Alex Jungman and  
daughter, Miss Rose Lillian and son,  
Bernard, spent several days this week  
with relatives at Schulenburg.

Mrs. Hilda Franger and Miss Hat-  
tie Bippert from the Sauz and Mrs.  
Geo. Etter and son and Miss Jo Nell  
Bendele from Castrovilla were La-  
Coste visitors Tuesday.

Mesdames W. H. Snelton and W.  
S. Fields returned from Colleg Sta-  
tion where they attended the Agri-  
cultural Short Course as delegates of  
the Deildadona H. D. Club.

Mr. and Mrs. Louis Kriewald and  
daughter, Miss Viola from the Rio  
Medio were visiting Mr. and Mrs.  
A. L. Kriewald and family here  
Wednesday.

Mr. and Mrs. Ulrich Kempf and  
daughter from Castrovilla and Mr.  
and Mrs. Emil Elmendorf of San  
Antonio were visiting relatives and  
friends here Sunday.

Mr. and Mrs. Alvin Barnhill and  
daughter and Miss Eva Bippert from  
San Antonio were the guests of their  
mother, Mrs. Otto Bippert and chil-  
dren here Wednesday and Thursday.

Mr. and Mrs. Henry Krueger from  
near San Antonio and Mrs. Henry  
Haack from here left Wednesday  
morning for Akron, Ohio, on a  
several weeks visit with relatives.

Mrs. W. H. Hawkes was the guest  
of her daughter, Mrs. Ira F. Burditt,  
and family at Del Rio the first of  
this week. She was accompanied  
home by Mrs. Burditt and sons who  
will spend the week here.

Mr. and Mrs. Emil Bendele and  
daughters, Miss Clara, Elenora and  
Anna Mae from the Francisco were  
the guests of Mr. and Mrs. W. F.  
Biediger and family and Miss Marie  
Christilles here Sunday.

Mesdames Thomas Kirby, George  
Barker and Pearl Loshaw and Miss  
Hortense Kirby all of Atascosa at-  
tended the Agricultural Short Course  
at the A. & M. College as delegates  
of the Tinsley H. D. Club. Miss  
Kirby won the trip for her achieve-  
ment as bed-room demonstrator.

Mr. and Mrs. Otto P. Jungman and  
daughter, Miss Hazel, were San An-  
tonio visitors Wednesday. Miss Hazel  
remained over for a week's visit with  
Mrs. Fred. Ahr and Miss Marjorie  
Salzman.

Albert Fischer, who farms the G.  
R. Trip place near Macdonia was a  
short visitor at our office and re-  
ports that some thieves stole a com-  
plete set of harness from him this  
week.

Mr. and Mrs. Geo. Christilles and  
Mr. and Mrs. Paul Christilles and  
son, Paul Jr., took a pleasure trip to  
Corpus Christi Sunday. Mr. Paul F.  
returned Monday, while the balance  
of the party will spend the week at  
the coast.

Mr. and Mrs. Adolph Mangold and  
family from the Medina Lake were  
visitors here Sunday. They were ac-  
companied here by Mrs. Lena Reich-  
erzer and Miss Mary Ellen McKaig,  
who had spent the past week-end  
at the Lake.

Master Marvin Franger of Delta  
and Ivan Mangold from here return-  
ed the first of the week from A. & M.  
College where they had attended the  
Agricultural Short Course. Marvin  
was one of the four, two boys and two  
girls, who were awarded a trip to the  
Short Course for outstanding 4-H  
Club work by the Rotary Club of  
San Antonio.

## PONTIAC SURPASSES RECORD.

At the close of business July 31,  
Pontiac Motor Company had produced  
124,923 of the 1935 models, thus  
surpassing the production records for  
the same period of all former years  
since 1929, according to H. J. Kling-  
ler, president and general manager of  
the company.

This figure compares with a total  
of 68,849 cars up to the end of July  
last year and a total of 76,553 for  
the 1934 model year.

July output of 17,245 was ahead  
of June, which is quite contrary to  
the trend of previous years in the  
industry, it was pointed out. Gen-  
erally, production has begun to fall  
off sharply by July. Sometimes even  
before that.

"Our factories have been running  
steadily at a high rate of production  
for almost eight months, with two  
shifts of men working continuously  
since February," said Mr. Klingler.  
"It is the first time since 1929 that  
such a condition has existed."

"Industrial communities where au-  
tomobiles are built have led the na-  
tion from the standpoint of employ-  
ment and general business prosperity.  
There has been longer employment  
for a greater number of men than  
for year, not only in the Pontiac Mo-  
tor Company, but in other units of  
the industry, as well as in the plants  
of scores of suppliers of materials  
and parts of all kinds."

"The great increases that have  
come about in automotive payroll  
totals are being reflected in the in-  
creased volume of business which  
doubtless will continue throughout  
the year."

"Tens of thousands of employees  
of the automobile industry should  
have from ten to eleven months of  
steady work before the year ends,  
thus adding further to the upturn in  
the prosperity of the country."

Tony—Do you know anything  
about flirting?

Jack—I thought I did, but the girl  
I tried my system on married me.

Get your credit ad debit slips at  
the Anvil Herald office.

## CROSS CHILDREN MAY HAVE WORMS

Watch for upset stomachs, bad breath,  
fretfulness, loss of weight, itching around  
nose and arms. They may have pin or round  
worms. White's Cream Vermifuge has safely  
and for years, reliably expelled the worms  
and toned the delicate tract. White's Cream  
Vermifuge recommended by druggists.

W. H. WINDROW

## How One Woman Lost 14 Lbs. in 3 Weeks

HUSBAND LOST 12 LBS.

Mrs. J. H. Valentine of Freeport,  
N. Y., writes: "Lost 14 lbs. with  
Kruschen and my husband took off  
12 lbs. in 3 weeks and intends keep-  
ing up the good work. I think Krus-  
chen is simply wonderful."

To take off fat easily, SAFELY  
and HARMLESSLY—take one half  
teaspoonful of Kruschen in a glass  
of hot water in the morning before  
breakfast—cut down on fatty meats,  
butter, cream and rich pastries—it  
is the safe way to lose unsightly fat  
and one bottle that lasts 4 weeks  
costs but a trifle. Get it at W. H.  
WINDROW'S or any drugstore in  
America. If this first bottle fails to  
convince you this is the safest way to  
lose fat—money back.

But be sure and get Kruschen  
Salts—imitations are numerous and  
you must safeguard your health.

## DEVINE NEWSLETS FROM THE DEVINE NEWS— A BROOM CORN FACTORY WOULD PAY HERE.

In addition to our Cheese and But-  
ter factory here; our Big Cannery,  
our Corn Elevator and our Broom-  
corn Sheds, Devine would do well to  
secure a Broom Corn Factory and we call  
upon our Junior Chamber of Com-  
merce to look into this matter. Being  
now established as a "Broomcorn  
Center" the country will naturally  
expect to see a factory here, as there  
is in Beeville, another center; at Lind-  
sey, Oklahoma and other centers.  
The factory could secure its straw  
without shipments; buy what it need-  
ed, or perhaps better than all, raise  
its own straw; and could compete  
with any other section in the world.  
A small broom and mop factory,  
gradually added to and built up,  
would be a fine investment, as I see  
it now. Think about it.

W. D. Schott was bitten early in  
the week by a spider, so his doctor  
says. It was probably a Black Wid-  
ow Spider, or which we have been  
hearing so much; and Wiine is laid  
up for a time.

## FROM BIRY.

Leon Biry was the guest of his  
cousin, Joe Henry Biry, in D'Hanis  
last week.

Mrs. J. F. Biry and daughter, Miss  
Inez, spent Thursday in Castrovilla.  
Mr. and Mrs. J. J. Love and chil-  
dren and Mr. Ward from Yancey spent  
Monday with Vick Love.

Mr. and Mrs. Ed. Franger and son,  
Edward, from San Antonio spent  
Sunday with Mr. and Mrs. Ed. Bader  
and family.

Miss Alma Bader returned home  
after a two weeks' visit in Brackett-  
ville and Castrovilla.

Mrs. Ed. Lewenthae of San An-  
tonio and Mrs. R. L. Nations from  
Somerset and Mrs. Lou Williams from  
Devine spent Wednesday evening  
with Miss Vick Love.

Mrs. Mary Schmidt from LaCoste  
spent the week with Mrs. Ed Bader.  
Mr. and Mrs. Albert Watson spent  
the week-end in Moore with her par-  
ents, Mr. and Mrs. Jones.

Mr. J. Sharber of Pearsall spent  
the week-end here with friends.

Mr. Henry Schmidt and Miss Dor-  
othy Love of San Antonio spent the  
week-end with Mrs. Alice Littleton.

Mr. and Mrs. George Bader and  
son, August, spent Friday in San An-  
tonio.

Jesse Owen was taken to the Me-  
dina Hospital for an operation.

Lloyd Biry and Paul Applewhite  
of Castrovilla spent Sunday here.

## FROM YANCEY.

Mr. August Bohmfalk went to  
Arizona for his health. He has been  
suffering with rheumatism for sev-  
eral months. We hope the climate  
of Arizona will be beneficial to him.

Miss Gladys Bohmfalk left last  
Friday for California where she will  
remain for the remainder of the year.

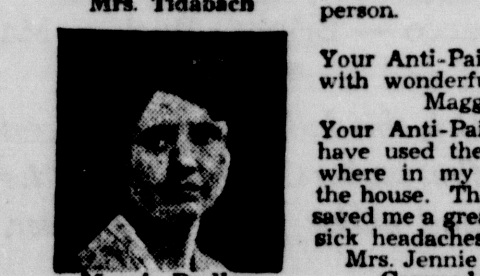

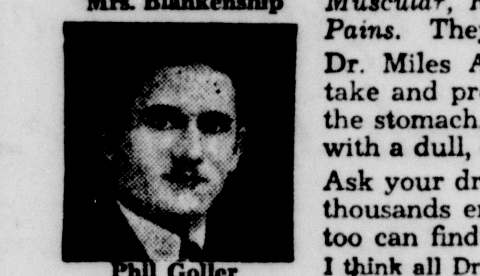

The ladies of the community as-  
sembled at the home of Mrs. J. N.  
Wilson last Friday, where they com-  
plimented Miss Lucille McCaughan  
with a miscellaneous shower prior to  
her marriage to Mr. William Alexan-  
der. They will be at home at Keene,  
Texas.

Miss Doris Mofield, a student at  
Alamo Business College, San Antonio  
spent the week-end with homefolks.

## DR. MILES' ANTI-PAIN PILLS

We noticed Mr. Robert Faseler of  
Potet attending church here Sunday.  
He is visiting friends and came quite  
a distance to attend church.

Mr. and Mrs. Marvin Berry and  
baby daughter came by and made a  
call on Mrs. Berry's family. They left  
early Monday morning for New  
Braunfels where Mr. Berry is em-  
ployed with the Highway Depart-  
ment.

Mrs. Toby Taylor and children of  
Hondo spent the day with Mrs. F.  
W. Bohmfalk, Sunday.

Mr. R. L. Brantley left for San An-  
tonio last Friday after several weeks'  
stay with his family. Since crops  
are gathered folks are looking for  
other jobs again.

Mr. Cook and family of Uvalde are  
here looking for a location where they  
can farm next year.

Mr. O. D. Lynn of San Antonio  
spent the week-end with his family  
here.

Mr. and Mrs. J. C. Lynn are back  
in Texas and are now living in their  
old home a mile west of Yancey. They  
have been absent about one year, vis-  
iting their son, Dr. Clarence Lynn,  
and family in Florida. On their re-  
turn trip they stopped over in Hous-  
ton where their son, Robert, is teach-  
ing.

Mr. and Mrs. George Heiligman,  
Mrs. N. F. Berry and Miss Malinda  
Muennink left Sunday morning for  
Dallas for a week's visit. Merchant  
Heiligman attended a convention at  
the Butler Bros. Department; Mrs.  
N. F. Berry visited her daughter,  
Mrs. Martha Baines.

Miss Dorothy Burgin returned  
home from her pleasure trip to Mex-  
ico last week.

Mrs. Don Sanders of Pearsall cal-  
led on friends here last Friday, after  
spending part of the day with her  
parents, Mr. and Mrs. J. F. Bandy.

We are glad to report that Way-  
mon McAnelly has entirely recovered  
from his appendix operation.

## CAR OF POPCORN SOLD.

The first carload of popcorn ever  
to be shipped away from Lytle was  
shipped yesterday by the grower, C.  
Atkins, to the Carbon Peanut Co.,  
Carbon, Texas. It was of the giant

yellow variety, and brought the grow-  
er 2 1-2 cents per pound. Atkins has  
in 79 acres of popcorn and expects a  
very heavy yield, considering that the  
hail of the late spring hit the crop.

## "SMART GIRL" BANK NIGHT FEATURE.

The problem of the eternal tri-  
angle and how it affected the lives  
of two sisters is presented in a new  
light in Walter Wanger's Paramount  
film, "Smart Girl" which shows at  
the Colonial Theatre Monday and  
Tuesday.

Featuring Ida Lupino, Kenty Tay-  
lor and Gail Patrick in the leading  
roles, "Smart Girl" tells the story of  
two girls both of whom fall in love  
with the same man at the same time.  
Miss Lupino and Miss Patrick play  
the parts of the sisters both beauti-  
fully smart and rich.

Others in the cast are Joseph Caw-  
thorn, Sidney Blackmer and Pinkie  
Tomlin.

We do job printing.

San Antonio Suburban Irrigated Farms to Fred S. Hayes, general warranty deed to Lots 11 and 12, Block 52, of Natalia Townsite. \$10.00 and other good and valuable consideration.

## SAN ANTONIO LIVESTOCK.

Monday, August 12.

Continued heavy supplies in the cattle division Monday delayed trading on the San Antonio livestock market as buyers took their time in shopping around and bidding lower than last week's close. However, salesmen were able to hold price levels unevenly steady with Saturday prices but lower than last Monday. Best calf sales were around \$6.00 to \$6.25 with \$6.35 and \$6.50 paid sparingly on a few choice individual lots. Canner and cutter cows held fully steady at \$1.75 to \$2.75. Bulls were active at last week's top of \$4.25 on best beef offerings. Shippers were active on light calves at \$4.00 to \$6.00 and on best beef bulls. Heavy yearlings, weighty steers and butcher cows were draggy.

Choice 175-250 pound truck hogs held steady at the new seven-year top of \$10.50; medium and heavy-weights, except choice quality sold slowly at \$8.50 to \$9.75. Feeder pigs were in demand at \$7.00 to \$8.00.

No sheep arrived for market and no good offerings are expected until the shearing season begins. Run of goats has been exceptionally heavy but made a good clearance at \$1.50 to \$2.00.

Receipts and quotations Monday were: Cattle, 807 head; calves, 1030 head; calves, common and rannies, \$2.50 @ 3.50; general spread of calves, \$3.75 @ 5.00; better kinds to choice, \$5.25 @ 6.25; common to medium grass steers, \$3.00 @ 4.00; better kinds, \$4.25 @ 5.00; cutters and low cutters, \$1.75 @ 2.75; plain butcher cows, \$3.00 @ 3.50; good and fat, \$3.75 @ 4.25; butcher bulls, \$3.00 @ 3.50; beef bulls, \$3.75 @ 4.25.

Hogs, 63 head; choice 175-250 pounds, \$10.50; medium and heavy-weights, \$8.50 @ 9.75; light and feeder pigs, \$7.00 @ 8.00.

Sheep, none; goats, 250 head; good to choice milk lambs, \$5.00 @ 6.00; wethers, \$2.25 @ 3.00; goats, general run, \$1.25 @ 1.75; choice fat, \$2.00.

Remember you can get FARMING and this paper both for a year each for only \$1.75.

## ABOUT BROOM CORN PROSPECTS.

Arcola, Ill., 1020A Aug. 12, 1935. J. L. Beck, Beville, Texas.

Government estimate Illinois thirteen thousand seven hundred, Kansas eight thousand, Oklahoma twenty-two thousand eight hundred, Texas eight thousand one hundred, Colorado eight thousand four hundred, New Mexico six thousand one hundred, United States sixty seven thousand one hundred tons.

BROOM AND BROOM CORN NEWS. Government estimate, Aug. 10, 1934 38,700 tons Government estimate Nov. 15th, 1934 29,200 tons

9,500 tons less in Midwest between Aug. 10th to Nov. 15th account drought last year. Government estimate Aug. 10th, 1935, 67,100 tons of broom-corn for U. S. The Midwest is experiencing the same dry weather condition as last year, only the heat is more severe. Running 119 degrees for 4 days last week. Should the same weather condition prevail in the midwest as last year there will be a decrease of at least 17,000 tons of broom-corn by next November 15th, at which time the government estimate will read 50,100 tons for the U. S. and as the manufacturers of the U. S. consume on an average of 48,000 tons per year, there will be no carry over for 1936. On account of so much damaged broom-corn in all districts of the U. S. the grass manufactured into brooms for the past 2 years will not be used for at least 12 months for this purpose. The past 12 months there has been over 15,000 tons of substitutes which was manufactured into brooms, with approximately 7,000 tons of foreign broom-corn shipped into the U. S. The Lindsay crop of broom-corn as far as quality is concerned is the worst in history. The entire Lindsay district will produce only 100 cars of bright broom-corn. Therefore, we advise South Texas growers who have bright hurl broom-corn, the straw running at least 18 inches in length from knuckle, to not sell for less than \$200.00 per ton, as there is not sufficient hurl of bright color to go around on account of the great damage of broom-corn in all districts. For broom-corn growers it has been the most unusual growing conditions for broom-corn in history. The market in Bee County as well as other south Texas districts is \$20.00 per ton higher since the government estimate was released August 10th.

Respectfully submitted, J. L. BECK.

## BARBECUE PICNIC.

Messrs. Edgar and Harold Rieber and Fred Monier entertained with a barbecue picnic last Sunday at the Rieber Ranch on Bandera Creek.

The dinner consisted of barbecued chevon and mutton and lots of good things to go with it.

The afternoon was spent playing games, conversation and listening to old-time music played by Lloyd Kokes and Otto Marquis. Those present were Mr. and Mrs. Aug. Fileman and son, Edwin, of San Antonio; Mr. and Mrs. S. E. Rieber and daughters, Cora and Ruby, Misses Etta and Earline Batot, and Hugo, Oscar and Mervin Batot of Hondo; Mr. and Mrs. Fred Monier and son, Leighton, Mr. and Mrs. Harold Rieber and daughters, Betty Lou and Aurline, Mr. Edgar Rieber and son, Lloyd, Mr. and Mrs. Oscar Mangold, Mr. and Mrs. Otto Marquis and children, Ruby and O. C., Mr. and Mrs. P. C. Jagge and Lloyd Kokes of Upper Hondo; Mr. and Mrs. Edgar Monier and daughter, Ezelle, Mrs. C. G. Leighton and daughter, Mrs. Kathryn Ruddell and Mr. and Mrs. Cletus A. Batto and son, Gerald, of Tarpley. Everyone had a very pleasant day.

## FROM DISTRICT DIRECTOR.

It has been a big job getting the District office of the Works Progress Administration to function in this territory, therefore, immediately after the State Meeting in San Antonio, July 7, 1935, we asked sponsors all over the district to hold tentative proposals until we had completed our set up sufficiently to handle the proposed projects. We are now ready, and we want them of the right kind, feasible from technical standpoint, and those that will employ the maximum number of people on our relief rolls.

Keep in mind the purpose of this program; to take men and women off of the relief and put them to work. Give us a project which will enable us to get these unemployed to work and off of relief. If you have a project ready have one or more of your authorized sponsors bring it to the district office in Uvalde and we will be able to assist you more than if you sent it by mail.

J. ARTHUR HAZELRIGG, Director District No. 15, Works Progress Administration, Uvalde, Texas, August 9, 1935.

## MARRIAGE LICENSES.

The following marriage licenses have been issued by the County Clerk's office since July 31st:

July 31, W. A. Alexander and Lucille McCaughan.

July 31, Jack M. Fusselman, Jr., and Frankie May Cloutt.

August 7, Oscar Mangold and Mrs. Ida Breiten.

August 12, Diego De Leon and Mrs. Juanita Garza.

## IF YOU WANT TO KNOW—

—what's going on at home, and also all over the world, Farming and The Pathfinder will keep you posted as nothing else will. The bargain price for the two is only \$1.00. Ask for a sample and see for yourself.

## Castroville Cullings--

LOCAL PERSONAL AND BUSINESS ITEMS FROM THIS BUSY BURG

W. F. NAEGELIN, LOCAL REPRESENTATIVE

News and advertising copy for this column for the week's issue should be submitted to Mr. Naegelin or mailed direct to us at Hondo not later than Tuesday night of each week. Mr. Naegelin is authorized to collect and receipt for any business for this paper.

## A good cigarette, too needs Balance—

And that's why the tobaccos in Chesterfield are carefully balanced one against the other... not too much of one—not too little of another.

We take the right amounts of the right kinds of four types of tobacco—Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.

Chesterfield... the cigarette that's Milder  
Chesterfield... the cigarette that TASTES BETTER

## REAL ESTATE TRANSFERS.

The following transfers of real estate are taken from the deed records filed with County Clerk S. A. Jungman since July 24, 1935, to date:

Mrs. Lina Fuos and husband, C. H. Fuos, to Jos. A. Riff, warranty deed to 113 acres out of Survey No. 249, H. E. & W. T. R. R. Co., and 64.75 acres out of Survey No. 189 1-2, M. Gonzales. Consideration \$10.00.

Medina Irrigated Farms, Inc., to Mary Mancourt Downing, general warranty deed to 146.64 acres, being out of M. W. Dikes Original Survey No. 421 and A. Campbell Original Survey No. 447. \$10.00 and other good and valuable consideration.

Medina Irrigated Farms, Inc., to Jeannette W. Kunneke, general warranty deed to 62 acres of land out of M. W. Dikes Original Survey No. 321 and Wm. E. Jones Original Survey No. 37. \$10.00 and other good and valuable consideration.

Medina Irrigated Farms, Inc., to B. L. Briggs, warranty deed to 14.92 acres of land out of Isaac Tichnor Original Survey No. 552. Consideration \$500.00.

Medina Irrigated Farms, Inc., to B. L. Briggs, warranty deed to 93.58 acres of land out of Isaac Tichnor Original Survey No. 552. Consideration \$1,400.00.

Medina Irrigated Farms, Inc., to Roy C. Jones and Ina May Jones, warranty deed to 22.25 acres of land out of Jose Trevino Original Survey No. 551 and Isaac Tichnor Original Survey No. 552. Consideration \$1,000.00.

Fred W. Mitchell and wife to Mrs. Joe B. Stephens and Mrs. J. A. Ellis, warranty deed to 75 acres of land out of Survey No. 380, B. Meyer, Survey No. 112, Henry Castro; Survey No. 191, B. Heinemann; and Survey No. 192, N. Brauch. Consideration, \$10 and love and affection.

Emily F. Howell to Sally H. Godden, warranty deed to north half of Lot No. 1, Block No. 4, in Oliver Brown's "West End Addition" to town of Devine. Consideration, love and affection.

Medina Irrigated Farms, Inc., to L. M. Miller, general warranty deed to 118.46 acres of land out of H. Reischer Original Survey No. 503, P. Boilet Original Survey No. 511, J. Emenecher Original Survey No. 422, Wm. Hawkins Original Survey No. 65, Dolly Smitherson Original Survey No. 417, M. W. Dikes Original Survey No. 421, and Wm. Brockner Original Survey No. 179. \$10.00 and other good and valuable consideration.

Mrs. William F. Johnson to Marie Johnson, warranty deed to Lot No. 23, Block No. 6, Pecan Unit No. 4, Conrad Lehman Survey No. 448, containing 19.93 acres of land. \$10 and other good and valuable consideration.

D. G. Gordon to E. C. Graham, warranty deed to Lot No. 8 and north one-third of Lot No. 7, in Block No. 14, Old City Block No. 4, in town of Devine. Consideration \$850.00.

Medina Irrigated Farms, Inc., to W. C. McElrath, warranty deed to 5 acres of land out of Barth Tschler Original Survey No. 30. Consideration \$225.00.

Bexar-Medina-Atascosa Counties Water Improvement District No. 1 to A. B. Spencer & Sons, deed to 10.71 acres of land out of M. W. Dikes Survey No. 27. Consideration \$107.73.

San Antonio Suburban Irrigated Farms to Fred S. Hayes, general warranty deed to Lots 11 and 12, Block 52, of Natalia Townsite. \$10.00 and other good and valuable consideration.

## SAN ANTONIO LIVESTOCK.

Monday, August 12.

Continued heavy supplies in the cattle division Monday delayed trading on the San Antonio livestock market as buyers took their time in shopping around and bidding lower than last week's close. However, salesmen were able to hold price levels unevenly steady with Saturday prices but lower than last Monday. Best calf sales were around \$6.00 to \$6.25 with \$6.35 and \$6.50 paid sparingly on a few choice individual lots. Canner and cutter cows held fully steady at \$1.75 to \$2.75. Bulls were active at last week's top of \$4.25 on best beef offerings. Shippers were active on light calves at \$4.00 to \$6.00 and on best beef bulls. Heavy yearlings, weighty steers and butcher cows were draggy.

Choice 175-250 pound truck hogs held steady at the new seven-year top of \$10.50; medium and heavyweights, except choice quality sold slowly at \$8.50 to \$9.75. Feeder pigs were in demand at \$7.00 to \$8.00.

No sheep arrived for market and no good offerings are expected until the shearing season begins. Run of goats has been exceptionally heavy but made a good clearance at \$1.50 to \$2.00.

Receipts and quotations Monday were: Cattle, 807 head; calves, 1030 head; calves, common and rannies, \$2.50 @ 3.50; general spread of calves, \$3.75 @ 5.00; better kinds to choice, \$5.25 @ 6.25; common to medium grass steers, \$3.00 @ 4.00; better kinds, \$4.25 @ 5.00; cutters and low cutters, \$1.75 @ 2.75; plain butcher cows, \$3.00 @ 3.50; good and fat, \$3.75 @ 4.25; butcher bulls, \$3.00 @ 3.50; beef bulls, \$3.75 @ 4.25.

Hogs, 63 head; choice 175-250 pounds, \$10.50; medium and heavyweights, \$8.50 @ 9.75; light and feeder pigs, \$7.00 @ 8.00.

Sheep, none; goats, 250 head; good to choice milk lambs, \$5.00 @ 6.00; wethers, \$2.25 @ 3.00; goats, general run, \$1.25 @ 1.75; choice fat, \$2.00.

Remember you can get FARMING and this paper both for a year each for only \$1.75.

## ABOUT BROOM CORN PROSPECTS.

Arcola, Ill., 1020A Aug. 12, 1935. J. L. Beck, Beeville, Texas.

Government estimate Illinois thirteen thousand seven hundred, Kansas eight thousand, Oklahoma twenty-two thousand eight hundred, Texas eight thousand one hundred, Colorado eight thousand four hundred, New Mexico six thousand one hundred, United States sixty seven thousand one hundred tons.

BROOM AND BROOM CORN NEWS. Government estimate, Aug. 10, 1934, 38,700 tons. Government estimate Nov. 15th, 1934, 29,200 tons.

9,500 tons less in Midwest between Aug. 10th to Nov. 15th account drought last year. Government estimate Aug. 10th, 1935, 67,100 tons of broomcorn for U. S. The Midwest is experiencing the same dry weather condition as last year, only the heat is more severe. Running 119 degrees for 4 days last week. Should the same weather condition prevail in the middle west as last year there will be a decrease of at least 17,000 tons of broomcorn by next November 15th, at which time the government estimate will read 50,100 tons for the U. S. and as the manufacturers of the U. S. consume on an average of 48,000 tons per year, there will be no carry over for 1936. On account of so much damaged broomcorn in all districts of the U. S. the grass manufactured into brooms for the past 2 years will not be used for at least 12 months for this purpose. The past 12 months there has been over 18,000 tons of substitutes which was manufactured into brooms, with approximately 7,000 tons of foreign broomcorn shipped into the U. S. The Lindsay crop of broomcorn as far as quality is concerned is the worst in history. The entire Lindsay district will produce only 100 cars of bright broomcorn. Therefore, we advise South Texas growers who have bright hurl broomcorn, the straw running at least 18 inches in length from knuckle, to not sell for less than \$200.00 per ton, as there is not sufficient hurl of bright color to go around on account of the great damage of broomcorn in all districts. For broomcorn growers it has been the most unusual growing conditions for broomcorn in history. The market in Bee County as well as other south Texas districts is \$20.00 per ton higher since the government estimate was released August 10th.

Respectfully submitted, J. L. BECK.

## BARBECUE PICNIC.

Messrs. Edgar and Harold Rieber and Fred Monier entertained with a barbecue picnic last Sunday at the Rieber Ranch on Bandera Creek. The dinner consisted of barbecued chevon and mutton and lots of good things to go with it.

The afternoon was spent playing games, conversation and listening to old-time music played by Lloyd Kokes and Otto Marquis.

Those present were Mr. and Mrs. Aug. Filleman and son, Edwin, of San Antonio; Mr. and Mrs. S. E. Rieber and daughters, Cora and Ruby, Misses Etta and Earline Batot, and Hugo, Oscar and Mervin Batot of Hondo; Mr. and Mrs. Fred Monier and son, Leighton, Mr. and Mrs. Harold Rieber and daughters, Betty Lou and Aurline, Mr. Edgar Rieber and son, Lloyd, Mr. and Mrs. Oscar Mangold, Mr. and Mrs. Otto Marquis and children, Ruby and O. C., Mr. and Mrs. P. C. Jagge and Lloyd Kokes of Upper Hondo; Mr. and Mrs. Edgar Monier and daughter, Ezelle, Mrs. C. G. Leighton and daughter, Mrs. Kathryn Ruddell and Mr. and Mrs. Cletus A. Batto and son, Gerald, of Tarpley. Everyone had a very pleasant day.

## FROM DISTRICT DIRECTOR.

It has been a big job getting the District office of the Works Progress Administration to function in this territory, therefore, immediately after the State Meeting in San Antonio, July 7, 1935, we asked sponsors all over the district to hold tentative proposals until we had completed our set up sufficiently to handle the proposed projects. We are now ready, and we want them of the right kind, feasible from technical standpoint, and those that will employ the maximum number of people on our relief rolls.

Keep in mind the purpose of this program; to take men and women off of the relief and put them to work. Give us a project which will enable us to get these unemployed to work and off of relief. If you have a project ready have one or more of your authorized sponsors bring it to the district office in Uvalde and we will be able to assist you more than if you sent it by mail.

J. ARTHUR HAZELRIGG, Director District No. 15, Works Progress Administration, Uvalde, Texas, August 9, 1935.

## MARRIAGE LICENSES.

The following marriage licenses have been issued by the County Clerk's office since July 31st: July 31, W. A. Alexander and Lucille McCaughan.

July 31, Jack M. Fusselman, Jr., and Frankie May Cloudt.

August 7, Oscar Mangold and Mrs. Ida Breiten.

August 12, Diego De Leon and Mrs. Juanita Garza.

## IF YOU WANT TO KNOW—

Red & White Specials	1	3	.250

#### Girls Teams

Palle's Pullets	3	0	.100
Fly's Swatters	0	3	.000

### Last Thursday's Results.

In the first game played last Thursday night Palle's Pullets won their third consecutive victory over the Fly Swatters. Mrs. O. B. Taylor, Jo Reily and Ginger Fusselman were the batteries for the Pullets. Garber and Davis for the Swatters.

The Sinclair Dinosaurs defeated the Leinweber Lions in the second game, the score being 9 to 8. This was one of the best league games played this season. This victory placed the Sinclair team in second position, with one more game to play. Should they win this game it will place them in a tie with the Plaza Cafe Rustlers, for the top position, and the play-off for the first half of the league will be between these two teams.

### Wednesday Night's Results.

The Plaza Cafe Rustlers took possession of first place in the league as a result of their 15 to 3 triumph over the Leinweber Lions in the first game Wednesday night.

Lamb pitched good ball for the Rustlers striking out 10 batters and allowing but 8 hits.

The second game between the H-H Hot Shots and Red & White Specials was called on account of rain at the end of the first half of the second inning. The Hot Shots had tallied 11 runs to 5 for the Specials.

### SOFT BALL COMMENTS.

Herbert Lamb struck out ten men Wednesday night while holding the Lions to 8 hits—Horace Crow's catch of Jerome Finger's liner to double Rankin at third base was one of the best plays of the past week—The Hotshots have so far given the best exhibition of a ball game. They made only one error in defeating Grell's Comedians by a 26 to 3 score—Johnnie Finger will be forced to do some hard hitting to maintain his present average—Some of the men's teams would do well to secure the services of Isabel Garber (Schnieder) She not only plays a good game but knows baseball—Rain prevented what might have been the worst game of the season, when the Hotshots out-scored Red & White, 11 to 5, in one and one-half innings. Only 8 errors had been made up until then—Leinweber's 9 to 8 defeat by Sinclair was one of the best games offered. Both teams did some good playing—Through August 7, none of the Finger brothers hit below .500, and four of them are playing—Batting averages are due for a tumble when the pitchers get more practice—Merle Stiegler is the loudest catcher in the league. Sometimes he makes more noise than all the rest of his team—Sinclair made 19 hits in a five-inning game, so far a record—Palle's Pullets have yet to be defeated. They have taken Fly's Swatters in three consecutive games.

### HONDO 9, PEARSALL 8.

In an All-Star Softball Game Monday night, Hondo defeated Pearsall 9 to 8. Pearsall scored four runs in the first inning, climaxed by Parson's home run, but thereafter was held in check when Roy Schweers went to the mound for Hondo. The locals had their big inning in the fourth when four hits, combined with two walks and two errors, gave them 5 runs.

Bob Zerr and August Finger each hit a triple and double for Hondo. M. Smith hit a triple and single, while J. H. Rothe garnered two singles. Barley and Johnson led Pearsall's attack with two hits each. Hondo collected 15 safeties to Pearsall's 10.

"During April and May, my 235 hens produced a net income of \$140.56, running a close race with my herd of 16 dairy cows that chalked up a net return of \$110.22 for second place," Robert Bradford, Shackelford county farmer, told D. F. Eaton, county agricultural agent. The hens had a feed bill of \$44.20 for the two months, while the expenses for the cows were \$72.60.

## HIGHWAY 90

2nd game D'Hanis 7, Hondo 7.  
LaCoste forfeited to Knippa.

### Games Next Sunday.

Knippa at D'Hanis.  
Hondo at Sabinal.

### CHANGES IN UNITED GAS MANAGEMENT.

W. B. Currey, Manager of the New Braunfels District of the United Gas System, has been appointed Manager of the Marshall, Texas, District of the Company, according to an announcement made from Company headquarters today. He will be succeeded in New Braunfels by W. R. Briggs who has been Manager of the Kenedy District of the system. These changes are in line with the company's policy to promote men from within the organization as vacancies in higher positions occur, it was stated.

Mr. Currey assumed the position as Manager of the New Braunfels District about three and a half years ago. He came from Beaumont, where he has been connected with the United Gas System and predecessor companies in that city and in other sections of East Texas for many years. He enjoys a wide acquaintance here, and has expressed his regrets over leaving his many friends. At the same time, he said that he was very glad that a man of Mr. Briggs' experience was to succeed him in New Braunfels. The two men were closely associated in Beaumont for several years.

Mr. Briggs, the new manager, is also a man of long experience in the gas utility business. He has been Manager of Kenedy District for the past several years. Previous to that, he was connected with the company at Beaumont. Mr. Briggs, accompanied by his wife and son, arrived in New Braunfels Monday to take over his new duties.

Mr. Currey will leave for Marshall next week.

"By using four feed sacks which were given to me and a card of bias tape for which I paid two cents, I made a two piece dress for myself," says Mrs. F. M. Bradley, wardrobe demonstrator for the Eldorado Home Demonstration Club in Schleicher county. Mrs. Bradley made the dress by her foundation pattern. The dress was trimmed by adding a tie of brown material already on hand and a brown buckle which was taken off of an old dress. "This dress cost me about five cents, including the cost of the thread with which it was sewed," Mrs. Bradley said.

1,000 WOMEN'S HANDS WENT UP

In Answer to Question at Local Cooking School

At the Times-Democrat Cooking School yesterday, Mrs. Barker asked this question, "If you were to wash a very delicate silk garment in your home, would you wash it at the surface of the water or down deep in the bottom of the tub?" And 1,000 women answered with a raised hand — AT THE TOP!

Mrs. Barker then explained the correct way to judge a Washing Machine, and the Voss Washer was acclaimed as having the only outstanding correct washing principle.

"The Voss 'Suds-a-rator' floats on the surface of the water and is the secret of whiter, fresher, and cleaner clothes," explained Mrs. Barker.

CROWDS AT ALL

THEY AGREED—The only correct way to wash is at the Surface

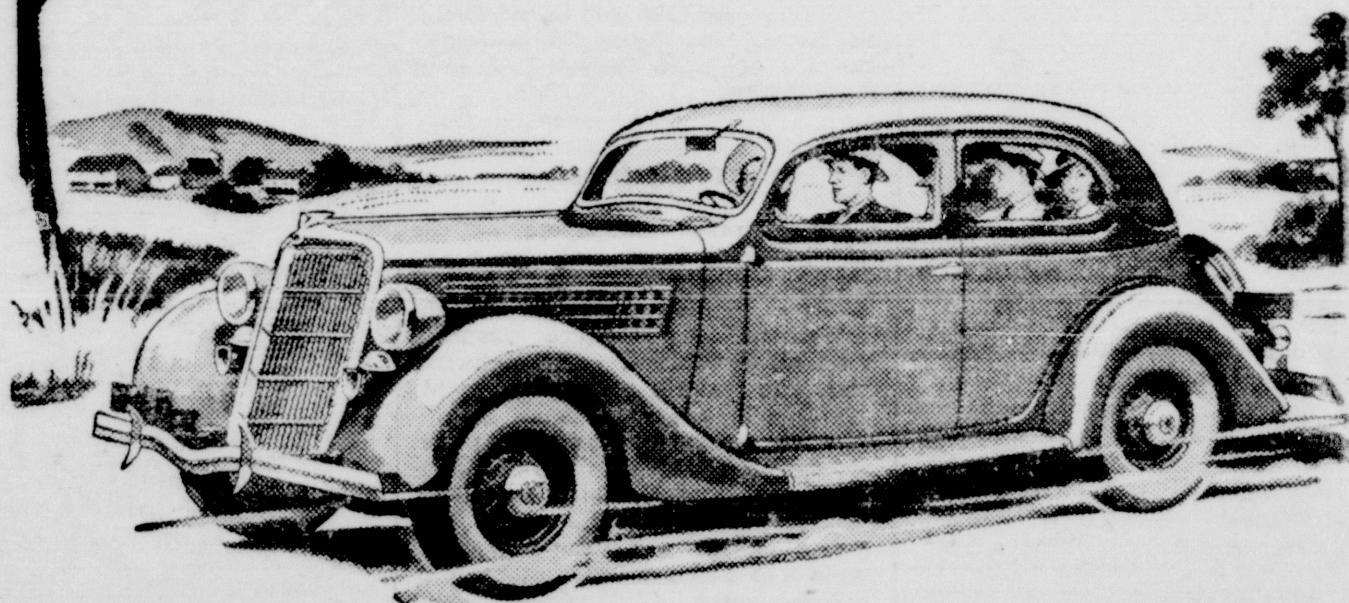

Come in and let us prove to you why we know VOSS is the most practical washing machine for your home. Electric and gas engine washers sold on low payment plan.

HONDO — TEXAS

YOU DON'T HAVE TO "BREAK IN" THE FORD V-8

You can drive it 50 miles an hour the day you buy it

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip — to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

Fly's Swatters	0	3	.000

**Last Thursday's Results.**

In the first game played last Thursday night Palle's Pullets won their third consecutive victory over the Fly Swatters. Mrs. O. B. Taylor, Jo Reily and Ginger Fusselman were the batteries for the Pullets. Garber and Davis for the Swatters.

The Sinclair Dinosaurs defeated the Leinweber Lions in the second game, the score being 9 to 8. This was one of the best league games played this season. This victory placed the Sinclair team in second position, with one more game to play. Should they win this game it will place them in a tie with the Plaza Cafe Rustlers, for the top position, and the play-off for the first half of the league will be between these two teams.

**Wednesday Night's Results.**

The Plaza Cafe Rustlers took possession of first place in the league as a result of their 15 to 3 triumph over the Leinweber Lions in the first game Wednesday night.

Lamb pitched good ball for the Rustlers striking out 10 batters and allowing but 8 hits.

The second game between the H-H Hot Shots and Red & White Specials was called on account of rain at the end of the first half of the second inning. The Hot Shots had tallied 11 runs to 5 for the Specials.

**SOFT BALL COMMENTS.**

Herbert Lamb struck out ten men Wednesday night while holding the Lions to 8 hits—Horace Crow's catch of Jerome Crow's liner to double Rankin at third base was one of the best plays of the past week—The Hotshots have so far given the best exhibition of a ball game. They made only one error in defeating Grell's Comedians by a 26 to 3 score—Johnnie Finger will be forced to do some hard hitting to maintain his present average—Some of the men's teams would do well to secure the services of Isabel Garber (Schnieder) She not only plays a good game but knows baseball—Rain prevented what might have been the worst game of the season, when the Hotshots out-scored Red & White, 11 to 5, in one and one-half innings. Only 8 errors had been made up until then—Leinweber's 9 to 8 defeat by Sinclair was one of the best games offered. Both teams did some good playing—Through August 7, none of the Finger brothers hit below .500, and four of them are playing—Batting averages are due for a tumble when the pitchers get more practice—Merle Stiegler is the loudest catcher in the league. Sometimes he makes more noise than all the rest of his team—Sinclair made 19 hits in a five-inning game, so far a record—Palle's Pullets have yet to be defeated. They have taken Fly's Swatters in three consecutive games.

**HONDO 9, PEARSALL 8.**

In an All-Star Softball Game Monday night, Hondo defeated Pearsall 9 to 8. Pearsall scored four runs in the first inning, climaxed by Parson's home run, but thereafter was held in check when Roy Schweers went to the mound for Hondo. The locals had their big inning in the fourth when four hits, combined with two walks and two errors, gave them 5 runs.

**Home Runs.**

Bob Zerr and August Finger each	hit a triple and double for Hondo.
M. Smith	hit a triple and single, while J. H. Rothe
garnered two singles. Barley and Johnson	led Pearsall's attack with two hits each.
Hondo collected 15 safeties to	Pearsall's 10.

**During April and May, my 235**  
hens produced a net income of \$140.56, running a close race with my herd of 16 dairy cows that chalked up a net return of \$110.22 for second place." Robert Bradford, Shackelford county farmer, told D. F. Eaton, county agricultural agent. The hens had a feed bill of \$44.20 for the two months, while the expenses for the cows were \$72.60.

**OLD-FASHIONED SIMPLICITY**

TELEPHONE SERVICE in this country is modern. It leads the world. Yet there is an old-fashioned simplicity about the Bell System. This applies to capital structure and financial methods as well as to the nationwide plan of decentralized operation under centralized control.

The American Telephone and Telegraph Company has only one class of stock and that stock is not watered.

It has 675,000 stockholders living in every corner of the land. Their average holding is twenty-eight shares. No individual or organization owns as much as one per cent of the stock. There are no secret reserves or hidden assets.

**SOUTHWESTERN BELL TELEPHONE CO.**

This structure is not of recent origin, but dates back many years to the early days of the telephone. It has lived on because it is right and in the best interest of the public. It has been fundamental in making the Bell System a distinctive American business.

In the Bell System, the American Telephone & Telegraph Company is the parent company, and operates the long distance lines connecting the 24 regional Bell companies. Bell Laboratories carries on the research work; Western Electric manufactures, purchases, and distributes.

Without this specialized organization back of the men and women of the Southwestern Bell telephone service might be possible. But it could not be service as uniformly good, as quietly accurate, as far reaching, and as inexpensive as the service you ask today.

**CHANGES IN UNITED GAS MANAGEMENT.**

W. B. Currey, Manager of the New Braunfels District of the United Gas System, has been appointed Manager of the Marshall, Texas, District of the Company, according to an announcement made from Company headquarters today. He will be succeeded in New Braunfels by W. R. Briggs who has been Manager of the Kenedy District of the system. These changes are in line with the company's policy to promote men from within the organization as vacancies in higher positions occur, it was stated.

Mr. Currey assumed the position as Manager of the New Braunfels District about three and a half years ago. He came from Beaumont, where he has been connected with the United Gas System and predecessor companies in that city and in other sections of East Texas for many years. He enjoys a wide acquaintance here, and has expressed his regrets over leaving his many friends. At the same time, he said that he was very glad that a man of Mr. Briggs' experience was to succeed him in New Braunfels. The two men were closely associated in Beaumont for several years.

Mr. Briggs, the new manager, is also a man of long experience in the gas utility business. He has been Manager of Kenedy District for the past several years. Previous to that, he was connected with the company at Beaumont. Mr. Briggs, accompanied by his wife and son, arrived in New Braunfels Monday to take over his new duties.

Mr. Currey will leave for Marshall next week.

"By using four feed sacks which were given to me and a card of bias tape for which I paid two cents, I made a two piece dress for myself," says Mrs. F. M. Bradley, wardrobe demonstrator for the Eldorado Home Demonstration Club in Schleicher county. Mrs. Bradley made the dress by her foundation pattern. The dress was trimmed by adding a tie of brown material already on hand and a brown buckle which was taken off of an old dress. "This dress cost me about five cents, including the cost of the thread with which it was sewed," Mrs. Bradley said.

**1,000 WOMEN'S HANDS WENT UP**  
In Answer to Question at Local Cooking School

At the Times-Democrat Cooking School yesterday, Mrs. Barker asked this question, "If you were to wash a very delicate silk garment in your home, would you wash it at the surface of the water or down deep in the bottom of the tub?" And 1,000 women answered with a raised hand — AT THE TOP!

Mrs. Barker then explained the correct way to judge a Washing Machine, and the Voss Washer was acclaimed as having the only outstanding correct washing principle. "The Voss 'Suds-rator' floats on the surface of the water and is the secret of whiter, fresher, and cleaner clothes," explained Mrs. Barker.

**THEY AGREED—The only correct way to wash is at the Surface**

Come in and let us prove to you why we know VOSS is the most practical washing machine for your home. Electric and gas engine washers sold on low payment plan.

**W. H. CASE**  
HONDO — TEXAS

**YOU DON'T HAVE TO "BREAK IN" THE FORD V-8**

**You can drive it 50 miles an hour the day you buy it**

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip — to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

# Castroville Cullings

LOCAL, PERSONAL AND BUSINESS ITEMS FROM THIS BUSY BURG

W. F. NAEGLIN, LOCAL REPRESENTATIVE

News and advertising copy for this column for the week's issue should be submitted to Mr. Naegelin or mailed direct to us at Hondo not later than Tuesday night of each week. Mr. Naegelin is authorized to collect and receipt for any business for this paper.

CASTROVILLE, TEXAS, TUESDAY, AUGUST 13, 1935

In the Castroville election contest in the District Court at Hondo last Saturday the school bond election was declared void. The contestants, that is, those who charged that there were irregularities, were declared the winners. Among many other points the contestants relied also on the real estate law which would allow only real estate owners to vote, but the court held that all can vote who assess any personal property. The contest being decided on some other points leaves the real estate law open for future litigation. As the decision of the court, no appeal being taken to the Appellate Court, is not a final disposition of the question as is evidenced by the fact that the Commissioners' Court refused to give the \$100.00 set aside for that purpose to either side; and rightly so, as neither side is entitled to it because the real estate law is undecided, and should any election ever be held again and it become necessary that question will again be raised.

What the object of the contestants, that is those who wanted to hold the election valid, was in summoning about 40 witnesses to sustain them is something we do not understand and probably never will. To take such a large number of people away

## ANVIL SPARKS.

Continued from first page.

introduced and in a frank, earnest way told us what can be done in regard to the two proposed highways, Nos. 2 and 173; both of which have been designated and surveyed and to all intents and purposes seem to be waiting for the right-of-ways to be secured and fenced in order to secure the expenditure of more than half million dollars in the Devine Commissioners precinct; 33 miles of the latest type of hardsurfaced roads.

The Judge said the precinct had no money to buy these right-of-ways, calling upon Commissioner Roberson to confirm his statement. He said the county was entitled, under law, to levy 30 cents road tax on the hundred dollars; they had levied 10 cents and it took it all to take care of the roads now in use. He said he would be frank and honest; that Hondo is ready to build her few miles on No. 173; already half fenced and ready to go; that one of three things was necessary for our precinct; i.e. Issue warrants for expenses; that we could only issue without vote of the people \$4,500 in the whole county, giving the Devine precinct her part would be \$1,125; and the cost of the 33 miles of right-of-way fenced and grubbed would be around \$20,000. We can give up the project and lose the roads and the spending of half a million dollars here; or we can vote a \$20,000 bond issue of five per cent bonds payable in 20 or 30 years; and put it over. Mr. Lader, commissioner of the Hondo precinct, said they were ready to go at Hondo to meet Devine at our precinct line.

At the Mass Meeting last Thursday night, attended by practically all the business men and women of the town, by unanimous standing vote the meeting declared in favor of a bond issue to secure the needed funds for buying and fencing right-of-ways for Nos. 2 and 173, around 33 miles of highway promised by the government, to cost more than half a million dollars, financed by the National PWA.

Judge R. J. Noonan, principal speaker, gave a lot of information in regard to the bond issues, etc. He said he believed the city could enter with the precinct, in one issue for securing the needed funds. That he would take the matter up with the attorney general; and get all the papers up necessary to secure the election. It will take around one month to get the election held. That he believed the state highway department will eventually take over and pay off these bonds as they are doing on our old bonds, used in state highway work. He said the Devine precinct issued \$40,000 road and bridge bonds in 1913, we paid off approximately half; and that the state highway has assumed a little more than one-half of these, leaving the precinct with around \$10,000 out of \$40,000 for us to pay. That the \$20,000 proposed would only add 10 cents on the hundred dollars of our present levy of 10 cents for road and bridge purposes; and we will have only \$30,000 outstanding bonds; while we had \$40,000 originally and if the state did take these over, we would not be in bad shape at all in this fund. These bonds would relieve the county commissioner of using his pro rata of county funds to the lateral roads; that 173 and 2 would be kept up by the federal and state highways funds and it would help the lateral roads in this way, having all the local funds to their credit. After these explanations, a motion was made in favor of the bonds and practically every person present stood in favor of this plan.

## THE HOLE IN YOUR POCKET.

Press dispatches from Washington state that in the last twelve months

from home and from their work to sit around a court house by the very side they supported and voted for is beyond our knowledge. The contestants never summoned one witness, their proof being self-evident, while the trial of the contest was set for Tuesday, August 6th, but was postponed to Wednesday, August 7th, and after arguments of counsel for both sides all day, was again postponed to Saturday, Aug. 10th, and after a trial lasting the greater part of the day, Judge Caldwell declared the election void.

Alfred Schmitt of Riomedina was a business visitor here Wednesday. Mr. and Mrs. Edmund Naegelin of San Antonio spent their vacation here last week.

Farmers are busy harvesting their feed crop, which is the greatest in history.

The St. Louis Celebration will be held on Sunday, August 25th, at Tragrassers Park.

Louis W. Burell, W. Wernette and Will W. Naegelin were San Antonio visitors Thursday.

The dance given Sunday night at the Electric Park Hall was very largely attended.

\$7,375,000,000 has been spent, which, with the \$7,100,000,000 that was spent the preceding year, makes a total peacetime record spending of \$14,475,000,000 for the past two years. Money has been spent twice as fast as it has been collected from the taxpayers. But all the spendings and all the borrowed money must eventually be extracted from the taxpayers' pockets.

At the end of the new fiscal year, it is estimated the national debt will be approximately \$35,000,000,000, or a per capita debt of \$270 on every man, woman and child in the country.

These figures are so staggering in size that one cannot grasp them. But the individual tax bills of various kinds that will soon be coming due, can be readily understood by every taxpayer whose pockets will be emptied in order to pay them.

Colonel Robinson, of the Yakima, Washington, Republic, in answering a "reactionary" citizen who asserted that taxpayers should have a voice in how their money is spent and that it should be spent as economically as possible, said:

"The idea that tax money should be spent economically is just as far out of date as the other. If tax money were spent economically, there wouldn't be more than half of it spent, and that fact alone is sufficient to condemn the idea. The prevailing thought is to spend public funds uneconomically, so that more funds can be raised and spent, thus putting more money into circulation and increasing the purchasing power of the people."

Sarcastic as is this paragraph of the Colonel's, it states a distressingly plain truth. Its lucidity is positively flawless. Some day the people will wake up to the fact that they pay the bill for all the "political presents" that are given to them.—Industrial News Review.

## THE NEWSPAPER AND GOVERNMENT OWNERSHIP.

The country newspapers of the United States have had for many years a splendid opportunity to observe the workings of government competition with private business, says Col. E. Hofer in The Manufacturer. The Federal government prints envelopes in large and small quantities with return addresses, at prices made possible only by its tremendous purchasing power, which no newspaper can possibly meet.

As a result, each year newspaper plants lose hundreds of thousands of dollars' worth of business which would normally come to them were it not for price-cutting competition on the part of the government which they help support with their taxes.

A California publisher tells how the postmaster of his town wanted the post office raised to a higher class so he would receive a larger salary. To do this he went around to all the merchants and sold them a year's supply of stamped envelopes with their return addresses printed in the corner. In the words of the publisher, "This did not raise the efficiency of the local post office, the government lost money by paying more salary and the local printer lost on not receiving these printing orders."

It is no wonder that a great majority of the country newspapers of the nation, having felt the bite of government competition, are irrevocably opposed to "politically-owned" and operated industries.

## CRIME AND OPPRESSION.

The increase in crime in this country, both major and minor offenses, has been coincident with the increase in oppressive and restrictive laws passed by both the states and the Federal government.

Calm and judicial surveys of the crime problem have been conspicuously lacking. In contrast, there has been no end to the urgings of sentimental reformers who wish to saddle us with still more laws. Their most

strenuous efforts, culminating in a bill recently introduced into the House of Representatives, have been given to advocating stringent laws forbidding good citizens ownership and possession of small arms.

Such laws are already in effect in a number of states and they have been, according to many observers, singular failures. Instead of decreasing crime they have increased it in two ways: By making criminals of any citizens who did not obey the restrictive ordinance and by assuring the real criminals that most households would be unarmed and unprotected. In at least one state a Grand Jury has strongly urged that the anti-gun laws be repealed.

When America was a free country, in fact as well as theory, our crime problem took care of itself to a large extent. Now our prisons are filled to overflowing, due in great part to offenses which twenty or so years ago were not illegal. There is an obvious moral in this that might be given intelligent consideration by our legislators.—Selected.

## What Vocation Shall My Boy Choose?

By Samuel Baker,

Director, Schools of Civil Engineering, International Correspondence Schools.

We live in a changing world. Opportunities for success in the future will differ from those in the past. A young man's wise choice of his life work may do much to determine success or failure. How shall he choose?

## Building the Nation's Highways

It is estimated that during 1934 and 1935 there will have been spent over \$4,000,000,000 on the construction, improvement and maintenance of the highways and streets of the United States. Road building is the most active branch of the construction industry.

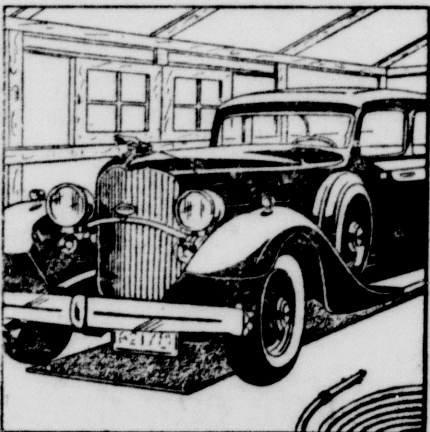

According to the latest available figures, we have in this country approximately 3,000,000 miles of highways of which only about 130,000 miles have been provided with a high-type surface, and not more than 750,000 miles have been surfaced at all. Fully three-quarters of our roads are entirely unpaved. Far more remains to be done than has already been accomplished. Highway engineering offers a field of unusual opportunity for the young man planning his career.

Like all other branches of the engineering profession, highway engineering requires technical training. Surveying and mapping, the characteristics of various soils and the treatment each requires to serve best as a bed for a highway, the selection of the best route and most suitable surface for a proposed road, the proper methods of construction for various types of roads, highway lighting and beautification—these are only a few of the subjects that enter into the training of a highway engineer.

The necessary technical knowledge can be acquired through study at an engineering school, but if this is impractical the gate is not closed. The present activity in road construction provides an opportunity for the young man interested in highway engineering to get started in that field with little or no special training. The technical knowledge he must possess for advancement he can obtain through study in spare time. This is the course followed by many successful men in the profession. It remains open to any ambitious young man.

## Hints for Homemakers

By Jane Rogers

To keep garage floor clean and prevent the tracking of dirt and grime into the house place a piece of structural insulation four feet by ten feet, on the garage floor under the car to catch the drippings of oil and grease. It can be obtained from almost any lumber dealer.

A little soap rubbed on the bottom edges of a sticking drawer will often cause it to slide easily.

Remember you can get FARMING and this paper both for a year each for only \$1.75.

## DUNLAY BREAKS EVEN IN DOUBLE HEADER.

The Riomedina Tigers dropped their game of a double header to Dunlay by a score of 11 to 8. The Quili Boosters took the nightcap 11 to 7. Both were seven inning games.

Hutzler, taking the mound for Dunlay for the first time in nearly two months, subdued the Tigers, allowing only eight hits, four of which came in the sixth when Rio tied the score. Dunlay promptly came back in their half to score six runs and put the game on ice. Biediger was the leading batter of the day, getting five hits for a total of ten bases in seven times up.

A ventilated pantry in which the cans are never moist but are always cool is a valuable feature of the new kitchen belonging to Mrs. Tommie Hughes, a cooperator in the Lone Star Home Demonstration Club at Edcouch in Hidalgo county, according to Miss Mattie Wilroy, home demonstration agent. In the ceiling and in the floor of the pantry there are holes 22 by 9 inches over which is tacked a 16 mesh screen to prevent insects from coming in but to allow the air to pass through at all times. Shelves in the pantry are made from 3 1-2 inch planks and there is 3-4 inch of space between them that allows the air to pass between them at all times. The pantry will store approximately 650 containers and at present Mrs. Hughes has 450 in the pantry.

to whom all items intended for this column should be handed not later than Wednesday noon of each week. Miss Rothe is authorized to collect and receipt for money due this paper.

D'HANIS, TEXAS, WEDNESDAY, AUGUST 14, 1935

Miss Hulda Marie Smith of San Antonio has been the guest of Miss Sarah Koch.

Mrs. Regina Deckert had as guests last week her daughters, Mrs. James Murphy of Houston, and Mrs. Louis Ernst of San Antonio.

William Brown left Saturday for San Antonio, where he has accepted a new job.

Mr. and Mrs. Roy Nester are the parents of an infant son, born Monday. The child is the first grandchild of Mr. and Mrs. Albert Nester, and great grandchild of Mr. and Mrs. Jack Reily of Hondo.

Mr. and Mrs. Jacob Rothe and son, William, of San Antonio, spent the week-end here, guests of Mr. and Mrs. Arthur Rothe.

Mr. and Mrs. W. E. Albrecht and children spent several days in San Antonio last week with Mr. and Mrs. A. C. Rothe. Mr. Albrecht also went to Orange Grove and Corpus Christi.

Mr. and Mrs. Thomas Grimsinger joined Mr. and Mrs. Alfred Rath of Hondo and Mr. and Mrs. Emmet Michna of Seguin Monday for a week's stay at the beach in Corpus Christi.

CARD PARTY, PARISH HALL, SUNDAY AT 8 P. M.

Mrs. Ferd. Koch, Mrs. Ed. Keller and children, Miss Kathryn Holliday and Mr. Louis Keller were San Antonio visitors Thursday.

Mrs. R. R. Ross and daughter, Miss Marie, are spending the week with Dr. and Mrs. James Turner at LaPray.

Mr. and Mrs. Ferd. Koch and Mr. Louis Keller visited Dr. and Mrs. James Turner in LaPray Sunday.

Mr. Stanley Koch and sister, Miss Lorine, and Miss May Haass from LaCoste visited their uncle, Mr. Ferd. Koch, and family Tuesday.

Dr. James Turner of LaPray and James C. Turner visited with friends here Monday.

## BRIDGE CLUB.

Miss Tina Rothe was hostess to the Bridge Club and several other friends at her home last Thursday afternoon. Beautiful bouquets of crepe myrtle adorned the living room. Prizes were awarded Mrs. A. J. Finger, high member, Miss Sarah Rothe, high guest, Miss Josie Rothe for consolation, and Mrs. Henry Biry for low score. Others present were Mesdames Emma Rothe, H. C. Rothe, Ed. Finger, Herman Ney, Eric Rothe, Reily Carle, Henry Nehr, and John Rieber, and Misses Ethel Rothe and Cornelia Koch. A delicious salad course with iced tea was served.

## TRADES DAY AT D'HANIS.

The fourth Trades Day was observed at D'Hanis on Tuesday, when the members of the Business Men's Club

awarded cash and special prizes. The event was conducted by J. P. Ephraim, and following are the results:

Cash: \$10.00, Ernesto Trevino \$5.00, Miss Ruby Grollmund; \$1.00 each, Miss Lorinda Braden, Henry Weyand, Mrs. Ferdie Koch, Francisco Fernandez and John B. Ney.

Special Prizes: Olive and pickle fork, donated by John Rieber, Miss Lorine Zinsmeyer; crank case draining, donated by Zinsmeyer Garage, Herman Lutz; 6 bottles of beer, donated by Buckhorn Cafe, Miss Carrie Langfeld; 2 quarts of Texaco Motor oil, donated by Ed. Finger, Paul Reinhart; 1 lb. Quality coffee, donated by Spikes' Cash Store, Sam Johnson; 24-lb. sack of flour, donated by Spikes' Cash Store, Lesiro Ibarra; 5 qts. of Gulf lube oil, donated by J. F. Kimmerly, Mrs. Ben Reitzer; pair Carl Pool work pants, donated by Carle Mercantile Co., Mrs. Emma Rothe; can of Red & White coffee, donated by Rothe & Koch, Sisters of Divine Providence. Judges were Eric Rothe and Richard Wallrath.

## D'HANIS PLANNING FLOOD PREVENTION.

The D'Hanis Agricultural Association has been formed for the purpose of starting a movement to organize a reclamation and conservation district to embrace the Medina County town in an effort to free it of recurrences of floods which submerged the place twice within two months, A. J. Boog, postmaster there, reported Thursday.

Ashley Classen, state reclamation engineer, is assisting with the project and sent his assistant, J. R. McMahon, to attend a mass meeting at D'Hanis Wednesday night, when the agricultural association was organized. The state department already has undertaken an aerial survey of the proposed district. Lines for it soon will be run by A. H. Rothe, county surveyor, and County Judge R. J. Noonan of Hondo is lending all the aid he can.

Boog said that overflows from Rio Seco and Parker Creek in May and July so damaged and impoverished the area to be embraced in the reclamation district it would be unable to stand a bond issue for the work, but it has been ascertained the Works Progress Administration probably will look upon the project with favor.

F. J. Carle is chairman of a committee, comprising O. W. Tondre, C. F. Finger and Boog, that is arranging details of organizing the district. Officers of the Agricultural Association are: A. G. Ilse, president; J. P. Ephraim, vice president, and Boog, secretary-treasurer.—San Antonio Express.

We do job printing.

LOCAL, PERSONAL AND BUSINESS ITEMS FROM THIS BUSY BURG

W. F. NAEGELIN, LOCAL REPRESENTATIVE

News and advertising copy for this column for the week's issue should be submitted to Mr. Naegelin or mailed direct to us at Hondo not later than Tuesday night of each week. Mr. Naegelin is authorized to collect and receipt for any business for this paper.

CASTROVILLE, TEXAS, TUESDAY, AUGUST 13, 1935

In the Castroville election contest in the District Court at Hondo last Saturday the school bond election was declared void. The contestants, that is, those who charged that there were irregularities, were declared the winners. Among many other points the contestants relied also on the real estate law which would allow only real estate owners to vote, but the court held that all can vote who assess any personal property. The contest being decided on some other points leaves the real estate law open for future litigation. As the decision of the court, no appeal being taken to the Appellate Court, is not a final disposition of the question as is evidenced by the fact that the Commissioners' Court refused to give the \$100.00 set aside for that purpose to either side; and rightly so, as neither side is entitled to it because the real estate law is undecided, and should any election ever be held again and it become necessary that question will again be raised.

What the object of the contestants, that is those who wanted to hold the election valid, was in summoning about 40 witnesses to sustain them is something we do not understand and probably never will. To take such a large number of people away

from home and from their work to sit around a court house by the very side they supported and voted for is beyond our knowledge. The contestants never summoned one witness, their proof being self-evident, while the trial of the contest was set for Tuesday, August 6th, but was postponed to Wednesday, August 7th, and after arguments of counsel for both sides all day, was again postponed to Saturday, Aug. 10th, and after a trial lasting the greater part of the day, Judge Coldwell declared the election void.

ANVIL SPARKS.

Continued from first page.

produced and in a frank, earnest way told us what can be done in regard to the two proposed highways, Nos. 2 and 173; both of which have been designated and surveyed and to all intents and purposes seem to be waiting for the right-of-ways to be secured and fenced in order to secure the expenditure of more than half million dollars in the Devine Commissioners precinct; 33 miles of the latest type of hardsurfaced roads.

The Judge said the precinct had no money to buy these right-of-ways, calling upon Commissioner Roberson to confirm his statement. He said the county was entitled, under law, to levy 30 cents road tax on the hundred dollars; they had levied 10 cents and it took it all to take care of the roads now in use. He said he would be frank and honest; that Hondo is ready to build her few miles on No. 173; already half fenced and ready to go; that one of three things was necessary for our precinct: i.e. Issue warrants for expenses; that we could only issue without vote of the people \$4,500 in the whole county, giving the Devine precinct her part would be \$1,125; and the cost of the 33 miles of right-of-way fenced and grubbed would be around \$20,000. We can give up the project and lose the roads and the spending of half a million dollars here; or we can vote a \$20,000 bond issue of five per cent bonds payable in 20 or 30 years; and put it over. Mr. Bader, commissioner of the Hondo precinct, said they were ready to go at Hondo to meet Devine at our precinct line.

At the Mass Meeting last Thursday night, attended by practically all the business men and women of the town, by unanimous standing vote the meeting declared in favor of a bond issue to secure the needed funds for buying and fencing right-of-ways for Nos. 2 and 173, around 33 miles of highway promised by the government, to cost more than half a million dollars, financed by the National PWA.

Judge R. J. Noonan, principal speaker, gave a lot of information in regard to the bond issues, etc. He said he believed the city could enter with the precinct, in one issue for securing the needed funds. That he would take the matter up with the attorney general; and get all the papers up necessary to secure the election. It will take around one month to get the election held. That he believed the state highway department will eventually take over and pay off these bonds as they are doing on our old bonds, used in state highway work. He said the Devine precinct issued \$40,000 road and bridge bonds in 1913, we paid off approximately half; and that the state highway has assumed a little more than one-half of these, leaving the precinct with around \$10,000 out of \$40,000 for us to pay. That the \$20,000 proposed would only add 10 cents on the hundred dollars of our present levy of 10 cents for road and bridge purposes; and we will have only \$30,000 outstanding bonds; while we had \$40,000 originally and if the state did take these over, we would not be in bad shape at all in this fund. These bonds would relieve the county commissioner of using his pro rata of county funds to the lateral roads; that 173 and 2 would be kept up by the federal and state highways funds and it would help the lateral roads in this way, having all the local funds to their credit. After these explanations, a motion was made in favor of the bonds and practically every person present stood in favor of this plan.

THE HOLE IN YOUR POCKET.

Press dispatches from Washington state that in the last twelve months

strenuous efforts, culminating in a bill recently introduced into the House of Representatives, have been given to advocating stringent laws forbidding good citizens ownership and possession of small arms.

Such laws are already in effect in a number of states and they have been, according to many observers, singular failures. Instead of decreasing crime they have increased it in two ways: By making criminals of any citizens who did not obey the restrictive ordinance and by assuring the real criminals that most households would be unarmed and unprotected. In at least one state a Grand Jury has strongly urged that the anti-gun laws be repealed.

When America was a free country, in fact as well as theory, our crime problem took care of itself to a large extent. Now our prisons are filled to overflowing, due in great part to offenses which twenty or so years ago were not illegal. There is an obvious moral in this that might be given intelligent consideration by our legislators.—Selected.

Alfred Schmitt of Riomedina was a business visitor here Wednesday. Mr. and Mrs. Edmund Naegelin of San Antonio spent their vacation here last week.

Farmers are busy harvesting their feed crop, which is the greatest in history.

The St. Louis Celebration will be held on Sunday, August 25th, at Trager's Park.

Louis W. Burrell, W. Wernette and Will W. Naegelin were San Antonio visitors Thursday.

The dance given Sunday night at the Electric Park Hall was very largely attended.

\$7,375,000,000 has been spent, which, with the \$7,100,000,000 that was spent the preceding year, makes a total peacetime record spending of \$14,475,000,000 for the past two years. Money has been spent twice as fast as it has been collected from the taxpayers. But all the spendings and all the borrowed money must eventually be extracted from the taxpayers' pockets.

At the end of the new fiscal year, it is estimated the national debt will be approximately \$35,000,000,000, or a per capita debt of \$270 on every man, woman and child in the country.

These figures are so staggering in size that one cannot grasp them. But the individual tax bills of various kinds that will soon be coming due, can be readily understood by every taxpayer whose pockets will be emptied in order to pay them.

Colonel Robinson, of the Yakima, Washington, Republic, in answering a "reactionary" citizen who asserted that taxpayers should have a voice in how their money is spent and that it should be spent as economically as possible, said:

"The idea that tax money should be spent economically is just as far out of date as the other. If tax money were spent economically, there wouldn't be more than half of it spent, and that fact alone is sufficient to condemn the idea. The prevailing thought is to spend public funds uneconomically, so that more funds can be raised and spent, thus putting more money into circulation and increasing the purchasing power of the people."

Sarcastic as is this paragraph of the Colonel's, it states a distressingly plain truth. Its lucidity is positively flawless. Some day the people will wake up to the fact that they pay the bill for all the "political presents" that are given to them.—Industrial News Review.

THE NEWSPAPER AND GOVERNMENT OWNERSHIP.

The country newspapers of the United States have had for many years a splendid opportunity to observe the workings of government competition with private business, says Col. E. Hofer in The Manufacturer. The Federal government prints envelopes in large and small quantities with return addresses, at prices made possible only by its tremendous purchasing power, which no newspaper can possibly meet.

As a result, each year newspaper plants lose hundreds of thousands of dollars' worth of business which would normally come to them were it not for price-cutting competition on the part of the government which they help support with their taxes.

A California publisher tells how the postmaster of his town wanted the post office raised to a higher class so he would receive a larger salary. To do this he went around to all the merchants and sold them a year's supply of stamped envelopes with their return addresses printed in the corner. In the words of the publisher, "This did not raise the efficiency of the local post office, the government lost money by paying more salary and the local printer lost on not receiving these printing orders."

It is no wonder that a great majority of the country newspapers of the nation, having felt the bite of government competition, are irrevocably opposed to "politically-owned" and operated industries.

CRIME AND OPPRESSION.

The increase in crime in this country, both major and minor offenses, has been coincident with the increase in oppressive and restrictive laws passed by both the states and the Federal government.

Calm and judicial surveys of the crime problem have been conspicuously lacking. In contrast, there has been no end to the urgings of sentimental reformers who wish to saddle us with still more laws. Their most

## DUNLAY BREAKS EVEN IN DOUBLE HEADER.

The Riomedina Tigers dropped their game of a double header to Dunlay by a score of 11 to 8. The Quibi Boosters took the nightcap 11 to 7. Both were seven inning games. Hutzler, taking the mound for Dunlay for the first time in nearly two months, subdued the Tigers, allowing only eight hits, four of which came in the sixth when Rio tied the score. Dunlay promptly came back in their half to score six runs and put the game on ice. Biediger was the leading batter of the day, getting five hits for a total of ten bases in seven times up.

A ventilated pantry in which the cans are never moist but are always cool is a valuable feature of the new kitchen belonging to Mrs. Tommie Hughes, a cooperator in the Lone Star Home Demonstration Club at Edcouch in Hidalgo county, according to Miss Mattie Wilroy, home demonstration agent. In the ceiling and in the floor of the pantry there are holes 22 by 9 inches over which is tacked a 16 mesh screen to prevent insects from coming in but to allow the air to pass through at all times. Shelves in the pantry are made from 3 1-2 inch planks and there is 3-4 inch of space between them that allows the air to pass between them at all times. The pantry will store approximately 650 containers and at present Mrs. Hughes has 450 in the pantry.

The necessary technical knowledge can be acquired through study at an engineering school, but if this is impractical the gate is not closed. The present activity in road construction provides an opportunity for the young man interested in highway engineering to get started in that field with little or no special training. The technical knowledge he must possess for advancement he can obtain through study in spare time. This is the course followed by many successful men in the profession. It remains open to any ambitious young man.

## Hints for Homemakers

By Jane Rogers

TO keep garage floor clean and prevent the tracking of dirt and grime into the house place a piece of structural insulation four feet by ten feet, on the garage floor under the car to catch the drippings of oil and grease. It can be obtained from almost any lumber dealer.

A little soap rubbed on the bottom edges of a sticking drawer will often cause it to slide easily.

Remember you can get FARMING and this paper both for a year each for only \$1.75.
